WeCar by-enterprise

One less thing to bring... your car.

WeCar by Enterprise and the University of Louisville are excited to introduce an exclusive car-sharing service starting in the Fall of 2012. The WeCar program is designed to allow faculty and staff the ability to reserve and rent a vehicle on-site for an hour, a day or overnight. A WeCar vehicle is the approved method of transportation for personal or business needs and is a cost-effective and environmentally friendly solution. So leave your car at home in the fall, and make it one less thing to bring back with you.

How It Works

- WeCar is a totally automated rental process where all you need to rent a WeCar vehicle is access to the internet.
- Once a member, go to wecar.com or for smart phone users: m.wecar.com
- Log in, and reserve your WeCar vehicle.
- Use your WeCar membership smart card to access the WeCar vehicle. Get the keys out of the glove box and you're on your way.
- Return the vehicle to the same area you picked it up from and put the keys back in the glove box.
- Use your membership smart card to lock the doors.

When to use WeCar

- Use WeCar for local or short duration trips (of no more than 5 hours) for errands, off-campus meetings, trips to other U of L campuses, etc.
- Use the traditional Enterprise Car Rental program for any trips that will last over 5 hours, especially overnight or multi-day travel.
- Use the traditional Enterprise Car Rental program for any University guests (guest speakers, potential candidates, volunteers, etc.)

WeCar is a refreshing alternative to the expense and hassles of car ownership. Join WeCar today so you can experience the convenience, ease and flexibility of getting around on and off campus.
