Academic Planning Services

The Reinhardt Academic Center is the heart of undergraduate advising in the College of Business (COB). The team of professional academic advisers provide:

- Information about COB major degree programs
- Appropriate course selection and sequencing
- Interpretation of academic policies and procedures
- UofL and COB resources and opportunities for student involvement
- Student support services

The Center's advisers monitor academic performance and progress toward degree completion by using the Flight Plan that allows students to select a “plan” that will move them toward graduation in a specific period of time. An advising syllabus outlines the partnership between advisers and students and provides more information about advising at UofL.
