

Advanced Placement Credit

UofL awards credit on the basis of scores on the Advanced Placement Examinations of the College Entrance Examination Board for the scores indicated below. **Scores must be submitted to the Admissions Office as soon as they are available.** See College Board for submission details. Use the institutional code **1838** when requesting that your AP scores be sent to UofL. Upon receipt of test scores from either CollegeBoard or an official high school transcript, the appropriate number of credit hours will be entered on the student's record. Test scores for new freshmen are received after the time of summer orientation/registration, so students will need to work with their academic adviser to ensure duplicate courses are not taken.
