Purpose  This fund has been established to help support professional development for staff in the College of Arts and Sciences. The fund can be used to cover costs associated with workshops, training sessions, conferences and seminars that enhance the knowledge, skills and abilities of staff in a manner that will help to improve the quality of academic, research and service activities at the University of Louisville. The fund can be used to support professional development for an individual or to support a workshop or other program for a group of staff or staff in a department. The fund does not cover costs of college tuition, fees or books for college courses.

Supplemental Funds  Staff are encouraged to apply for funding from the University’s Staff/Faculty Professional Development Small-Grant Program (forms for this program are available at http://www.louisville.edu/president/pdmgp/forms.htm). Up to $1,000 from the A&S Staff Professional Development Fund can be used as supplemental funds to cover costs associated with travel that are not covered by the University’s grant (such as meals, rental cars, airport shuttles). NOTE: If you are applying for a University Professional Development Small-Grant, you do not need to submit a separate application form for the A&S funds. Simply attach a separate budget page to the University form that shows the breakdown and total of the expenses you wish to have covered by the A&S Professional Development Fund and submit the entire set of materials to Yolanda Buford Demaree.

Amount  The maximum amount for a request for an individual is $2,000. The maximum amount for a request for a group of staff (three or more) is $3,000. Non-University personnel may be offered honoraria not to exceed $2,000 from these funds for conducting workshops or other training.

Eligibility  Regular status full-time and part-time staff in the College of Arts and Sciences are eligible to be awarded one professional development request per fiscal year. Departments wishing to offer in-house workshops or other training are eligible to have one request funded per fiscal year. Temporary status employees are not eligible to apply. Applications will not be funded retroactively.

Procedure  Complete the application below, obtain the required signatures and submit the original and one copy of the application along with attached documentation to Yolanda Buford Demaree, Assistant to the Dean, Staff Personnel in the College of Arts and Sciences Dean’s Office. Typically you will receive notification concerning approval in approximately 2 weeks. Proposals are accepted throughout the year; however, applications will be funded until the available funds are expended for the fiscal year. Pending availability of resources, the Fund will be replenished each fiscal year.

Follow up  Within 60 days of completing the professional development activity, a brief report describing the activity, who attended and the benefits must be submitted to Yolanda Buford Demaree. This report is required for future eligibility for awards from this Fund.
