Have you had frequent or prolonged visits* to one or more of the countries listed above with a high prevalence of TB disease? (If yes, CHECK the countries, above)  
☐ Yes  ☐ No

Have you been a resident and/or employee of high-risk congregate settings (e.g., correctional facilities, long-term care facilities, and homeless shelters)?  
☐ Yes  ☐ No

Have you been a volunteer or health-care worker who served clients who are at increased risk for active TB disease?  
☐ Yes  ☐ No

Have you ever been a member of any of the following groups that may have an increased incidence of latent *M. tuberculosis* infection or active TB disease – medically underserved, low-income, or abusing drugs or alcohol?  
☐ Yes  ☐ No

* If the answer is YES to any of the above questions, University Of Louisville requires that you receive TB testing as soon as possible but at least prior to the start of the subsequent semester.

* The significance of the travel exposure should be discussed with a health care provider and evaluated.

If the answer to all of the above questions is NO, no further testing or further action is required.
