Medical Emergencies/Ambulance

1. Do not move a seriously injured person unless he or she is in a life-threatening situation.

2. Render first-aid or CPR only if you have been trained.

3. Do not leave the injured person except to summon help.

4. Summon help by calling 911.

5. When reporting the medical emergency, provide the following information:
   - Type of emergency
   - Location of the victim
   - Condition of the victim
   - Any dangerous conditions

6. Comfort the victim until emergency medical services arrive.

7. Have someone stand by outside the building to flag down the ambulance when it reaches the vicinity.

8. If you are exposed to another person’s body fluids, wash the exposed area and contact your supervisor or the Department of Environmental Health and Safety at 852-6670.
