## PROFESSIONAL APPOINTMENTS AND POSITIONS

---

2021 – present

**Assistant Director**, Master Educator Course & Military Programs,  
**Clinical Full Professor**, Department of Educational Leadership,  
 Evaluation, & Organizational Development (LEAD), College of Education  
 & Human Development, University of Louisville.

2018 – 2021

**Associate Director**, School of Human Development and Organizational  
 Studies in Education (HDOSE),  
**Program Leader**, Higher Education Administration Programs,  
**Interim Program Coordinator**, Student Personnel in Higher Education  
 (2018-2020),  
**Clinical Full Professor**, School of Human Development and  
 Organizational Studies in Education, College of Education, University of  
 Florida.

Worked with the Director to lead the School of HDOSE, which  
 included Counselor Education; Educational Leadership; Research,  
 Evaluation, & Measurement; and the Student Personnel and Higher  
 Education programs. Responsible for the leadership of the Higher  
 Education Administration programs, which included both on campus  
 and online master's programs, as well as online and on campus  
 doctoral programs. Additionally, held sole responsibility for the  
 SPHE Master's Program on an interim basis and taught 1-2 courses  
 per semester.

*Accomplishments:*

- Instituted onboarding for new faculty in the School, including a new faculty orientation and regular new faculty lunches to answer questions, create community among the new faculty, and connect new faculty to the School leadership.
- Created a monthly faculty development series as part of the monthly School meetings, including topics such as creating a professional social media identity, using social media to promote research, and prevention strategies for academic dishonesty.
- Unanimously selected by the program faculty to lead the higher education administration programs. Established regular meetings, communication, and visioning for the future of the programs. Created community, transparency, and collaboration among a faculty who at the beginning of my tenure would not speak to one another or have their offices on the same floor. Complete renovation of the program website. Successfully recruited and hired 3 new faculty and guided 1 faculty member to promotion/tenure and one clinical to promotion.

- Enhanced the on campus Student Personnel in Higher Education master's program. In collaboration with the division of student affairs, instituted regular meetings and feedback loops with the GA supervisors, as well as full-time and practitioner faculty serving the program. Instituted a two-year transitional support and development program for all current students. After collecting feedback from all constituents, established strategic recruitment; moved from rolling admissions to a December deadline; established a required Visitation Days Conference for candidates (with a Visitation Days Committee constituted of myself, a division liaison, students, and GA supervisors); and collaborated with supervisors to upgrade the selection process to be more streamlined, electronic, and student-centered. These efforts improved the number and quality of candidates for the on campus master's program, as evidenced by increasing the number of applicants from approximately 40 in 2018, to 80 in 2020; every candidate admitted to the program exceeded the Graduate College's minimum requirements (unlike years past); the cohort was larger and complete by April 15; and almost all candidates offered admission in 2019 accepted.
