The culminating experience of the **U of L Developmental Teacher Preparation Model** is designed for student teacher candidates to demonstrate progress toward meeting the initial-level performance of the Kentucky Teaching Standards. Evaluation of the student teaching experience is a collaborative process involving the teacher candidate, cooperating teacher and university supervisor. The determination of the grade for student teaching is influenced by daily informal observation on the part of the cooperating teacher and formal evaluations by the cooperating teacher and university supervisor. Teacher Candidate Dispositions assessments are also considered in the final evaluation. The **Student Teaching Grading Rubric** provides a format that clearly communicates to students the expectations and promotes consistency among university supervisors and cooperating teachers. This rubric is designed to measure performance against standards to compile a point total. It is not percentage-based. A Student Teaching Grading Rubric will be completed at the end of each placement.

**A**
A grade of an “A” indicates that evidence supports that the student teacher candidate has demonstrated overall TARGET/EXEMPLARY performance toward meeting the knowledge and skills indicated on the Kentucky Teaching Standards (KTS) and has scored at the ACCEPTABLE level of performance on the Teacher Candidate Dispositions Assessment. The grade of an “A” also indicates that the candidate has demonstrated TARGET performance in the following KTS Standards: 1, 2, 3 and 4. **Score range is 27-30.**

**B**
A grade of a “B” indicates that evidence supports that the student teacher candidate has demonstrated TARGET with some DEVELOPING performance toward meeting the knowledge and skills indicated on most of the Kentucky Teaching Standards and has scored at the ACCEPTABLE level of performance on the Teacher Candidate Dispositions Assessment. The grade for a “B” also indicates that the candidate has demonstrated TARGET performance in the following KTS Standards: 1, 2, 3 and 4. **Score range is 22-26.**

**C**
A grade of a “C” indicates that evidence supports that the student teacher candidate has demonstrated overall DEVELOPING performance toward meeting the knowledge and skills indicated on most of the Kentucky Teaching Standards and has scored at the IMPROVING/ACCEPTABLE level of performance on the Teacher Candidate Dispositions Assessment. **Score range is 18-21.**

A plus “+” or minus “-“designation may be given at the discretion of and in collaboration with all evaluative partners.

Two established protocols exist to ensure that student teachers have due process in addressing concerns for demonstrating progress toward meeting the KTS Standards and/or Teacher Candidate Dispositions. A **Communication of Concern** must be initiated to address concerns as they arise. An **Intensive Assistance Plan** is initiated to address more serious concerns and maps out a detailed plan of support. Documentation of these protocols is needed for candidates who fall into the “C” performance level.

Candidates demonstrating a weak or inadequate performance (17 or lower) are not making sufficient progress toward meeting initial-level performance of the Kentucky Teaching Standards and/or the Teacher Candidate Dispositions and will not be recommended for certification. The members of the Intensive Assistance Plan Committee will discuss options that may exist for graduation without certification.
# Student Teaching Grading Rubric

Please indicate the level of progress demonstrated by the student teacher candidate for each of the Kentucky Teacher Standards listed below.

## Standard 1: Demonstrates Applied Content Knowledge
Communicates concepts, processes, knowledge; Uses appropriate instructional strategies; Connects content to lives of students; Identifies and addresses student misconceptions

**Standard 5: Assesses/Communicates Learning Results**
Uses pre-assessments; Uses formative assessments to guide instruction; Uses variety of summative assessments to measure achievement; Describes, analyzes, evaluates student performance to determine progress; Promotes student self-assessment of learning

- **Insufficient Evidence**
  Candidate fails to implement assessments (pre-self, formative, and/or summative) pre-aligned to instructional objectives and and/or does not use the student performance data to communicate results and inform instruction.

- **Developing**
  Candidate implements assessments (pre-self, formative, and/or summative) that may be pre-aligned to instructional objectives and may use the student performance data to communicate results and inform instruction.

- **Target**
  Candidate demonstrates ability to implement a variety of assessments (pre-self, formative, summative) pre-aligned to instructional objectives and uses the student performance data to communicate results and inform instruction.

- **Exemplary**
  Candidate demonstrates advanced ability to implement a variety of assessments (self, formative, summative) pre-aligned to instructional objectives and uses the student performance data to communicate results and inform instruction.

**Standard 6: Implements Technology**
Uses technology to design and plan instruction; Uses technology to implement instruction; Integrates student use of technology into instruction; Ensures personal and student use of technology are ethical/legal

- **Insufficient Evidence**
  Fails to demonstrate ethical and effective use of technology to plan and implement instruction to meet learning outcomes. Fails to demonstrate effective use of technology to manage student information and communicate with stakeholders.

- **Developing**
  Demonstrates ethical and effective use of technology to plan and implement instruction to meet learning outcomes. Demonstrates effective use of technology to manage student information and communicate with stakeholders.

- **Target**
  Demonstrates ethical and effective use of technology to plan and implement instruction, which includes appropriate student use of available technology, to meet learning outcomes. Demonstrates effective use of technology to manage student information and communicate with stakeholders.

- **Exemplary**
  Demonstrates ethical and effective use of technology to plan and implement instructions, which includes student use of available technology, to meet learning outcomes through authentic learning experiences. Demonstrates effective use of multiple/varied technologies to manage student information and communicate with stakeholders.

**Standard 7: Reflects On and Evaluates Teaching/Learning**
Reflects on and accurately evaluates student learning; Reflects on and accurately evaluates own instruction; Identifies areas for professional growth using appropriate data

- **Insufficient Evidence**
  Fails to reflect upon and evaluate instructional practice, cite relevant data and/or identify areas for growth
  - 1 pt.

- **Developing**
  Reflects upon and evaluates instructional practice, citing data. Identifies areas for growth
  - 2 pts.

- **Target**
  Reflects upon and evaluates instructional practice, citing relevant and accurate student and teacher performance data; proposes instructional change.
  - 3 pts.

- **Exemplary**
  Reflects upon and evaluates instructional practice, citing relevant and accurate student and teacher performance data. Proposes a logical plan for step-wise instructional change.
  - 3 pts.

---

**Standard 8: Collaborates with Colleagues/Parents/Others**
Identifies students who would benefit by learning via collaboration; Designs and implements plan for collaborative learning; Analyzes student learning data and identifies next steps

- **Insufficient Evidence**
  Fails to identify students whose learning could be enhanced by professional collaboration; fails to design, implement and/or evaluate the outcomes from the collaborative effort.
  - 1 pt.

- **Developing**
  Identifies students whose learning could be enhanced by professional collaboration; designs, implements and evaluates the outcomes from the collaborative effort
  - 2 pts.

- **Target**
  Identifies students whose learning could be enhanced by professional collaboration, which is supported by a rationale and includes school-based personnel and parents/guardians; designs, implements and evaluates the outcomes from the collaborative effort
  - 3 pts.

- **Exemplary**
  Identifies students whose learning could be enhanced by a variety of professional collaborations, which is supported by a rationale, and includes school-based personnel, parents/guardians and outside agencies; designs, implements and evaluates the outcomes from the collaborative effort and identifies next steps
  - 3 pts.
