

AUTISM SPECTRUM DISORDERS RELATED SUPPORT GROUPS IN KENTUCKY

In the past several years, the awareness of autism has dramatically increased in our Commonwealth. This increased public awareness of autism can be attributed to the grass roots collaborative efforts of support groups across the state bringing together families and professionals. If you have any questions or would like to amend this list, please contact Heidi Cooley-Cook, at the Kentucky Autism Training Center at 502-852-6401 or hacool01@louisville.edu.

The Parent Support Groups on this list are arranged according to the Special Educational Cooperatives of which the county is a part
