IES to Host Series of Webinars
The National Center for Special Education Research (NCSER) and the National Center for Education Research (NCER) are hosting a series of webinars related to research funding opportunities.

- May 14th: Overview of Researcher-Practitioner Partnerships
- May 27th: Application Process
- May 28th: IES Basic Overview
- June 3rd: IES Grant Writing Workshop
- June 9th: Funding Opportunities for Minority Serving Institutions
- June 9th: NCSER Training Grant Webinar
- June 11th: Overview of the Research Networks Competition
- July 1st: Application Process

Contact Christine Payne if interested in viewing in the ERTC. Otherwise, to register visit: http://ies.ed.gov/funding/webinars/index.asp
Finally, content is posted at the IES website after the webinar series is over.

Summer RFD Funding Available
The Research and Faculty Development (RFD) committee is pleased to announce a summer funding opportunity.

The RFD offers four award categories:
- Faculty Research Grant
- Faculty Professional Development Grant
- Student Research Grant
- Student Professional Development Grant

The proposal guidelines, application form, and budget template can be found on the Common Drive (navigate to Accountability / RFD Committee / RFD Proposal Documents).

Proposals are due May 15th.
Submit an electronic copy of the completed proposal, including application, to sktabe01@louisville.edu.

Become a Reviewer for NSF
Reviewers gain first-hand knowledge of the peer review process; learn about common problems with proposals; discover strategies to write strong proposals; and, through serving on a panel, meet colleagues and NSF program officers managing programs related to your interests.

To become an NSF reviewer, send an e-mail to the NSF program officer(s) of the program(s) that fits your expertise. Introduce yourself and identify your areas of expertise, and let them know that you are interested in becoming a peer reviewer. It is most helpful if you also attach a 2-page CV with current contact information. NSF welcomes qualified reviewers from the academic, industrial, and government sectors.

If interested, contact the NSF. If you need to find the appropriate NSF Program Officer to contact, just go to the NSF Website: www.nsf.gov

2014 Publication Round-Up
EVPR has completed its annual collection of publications to inform the Scorecard, U.S. News, and other reports, and we beat our record from last year! Check out the total number of publications the CEHD put out in 2014 compared to 2013. Congratulations to our faculty who were published!
