If you are a graduate student interested in being a part of the planning committee or volunteering at the 2018 conference please contact Christine Payne at christine.payne@louisville.edu

- Join students from the University of Louisville, University of Cincinnati, & the University of Kentucky in a unique opportunity to network with scholars at the national and regional levels about research collaboration.
- Present your research to peers within a safe and collaborative environment.
- Share ideas or your individual projects and receive feedback.

Are you a faculty member who engages with secondary and postsecondary teachers?

The Office of Research has put a document together solely for teacher grants & scholarship opportunities. You can find it on the newly updated website under the research resources tab. Please pass this information along to your students and encourage them to apply. If you have any questions or need help navigating the grants please contact Christine at christine.payne@louisville.edu
Find the document here:

Graduate Assistants mark your calendars!

The Office of Research will be hosting a mandatory training session on August 1st in Room 116 of the Porter Building for new and returning G.A.'s. Look for more information to come soon.

Doctoral Student Opening Session

The Doctoral Student Opening Session will be on **Saturday, August 19th from 8:30 to 10:00 A.M.** in the Shumaker Research Building room 139. Look for more details to come via email. New Ph.D. students should be sure to contact their department regarding program-specific orientations. All doctoral students who are interested in attending are welcome. Come out and join the Office of Research in welcoming our new doctoral students!

Be looking for information from your department and doctoral program coordinators soon. Please also see the School of Interdisciplinary & Graduate Studies website (found here: <http://louisville.edu/graduate/>) for information regarding their opening session.

Attestation & Disclosure Form

Reminder: As summer research projects begin, any individual receiving any portion of their compensation through an externally funded project and any individual participating in research under UofL must complete their annual Attestation and Disclosure Form (ADF) requirement before participation on projects. This includes students, faculty, and staff.

Grawemeyer Award in Education

Diana Hess & Paula McAvoy were awarded the 2017 University of Louisville Grawemeyer Award in Education for their 2014 book *The Political Classroom: Evidence and Ethics in Democratic Education* which explores the role of teachers in perpetuating serious, thoughtful deliberation in schools.

The book is based on a four-year study of 35 teachers and their 1,000-plus students. Their analysis included 21 schools representing all points on the political spectrum. Hess and McAvoy provided compelling case studies that showcased the power of the deliberative process in helping students hone thinking, reasoning and communication skills as they examined the question: "How should we live together?"

Dr. Hess & Dr. McAvoy held a public lecture during Grawemeyer Week that you can find here:

iRIS/IRB Training Workshops

The Office of Research recently hosted four iRIS/IRB training sessions facilitated by the Human Subjects Protection Program. The sessions provided an overview of navigating the IRB process and working the iRIS system.

If you were unable to attend these training sessions the Human Subjects Protection Program on the Health Sciences Campus offers open office hours the 2nd Thursday of every month in which they can help walk you through the process and answer any questions you may have.

Stay tuned for more of these iRIS/IRB Training Workshops hosted in the summer and fall semester.

Also check out the Office of Research webpage where you can find resources on completing your IRB training modules:

CEHD Signature Partnerships

The Signature Partnership is a University effort to enhance the quality of life and economic opportunity for residents of West Louisville.

Dr. Harrie Buecker, Liaison for School and District Partnerships and ELEOD Clinical Assistant Professor, coordinates the Signature Partnership Initiative (SPI) for the College of Education and Human Development. She also serves as the CEHD representative for the University's Community Engagement Steering Committee and Faculty Liaisons Committee that works to address the quality of life issues affecting the west end community.

SPI seeks to:

- Elevate educational attainment
- Foster economic empowerment
- Build capacity for social and human services
- Improve health and quality of life

What is SPI up to?

An integral part of the CEHD Signature Partnership is the clinical model teacher preparation program, which was established through funds from the Mary K. Oxley Foundation. The first clinical model site was located at J.B. Atkinson and has expanded to now include Portland Elementary, Westport Middle, Cochran Elementary, and The Academy at Shawnee. The Oxley funds also support professional development for teachers in SPI schools, including National Board Certification. They also support summer enrichment activities in these schools.

Recently, the Signature Partnership also received funding support from Follett, the new campus bookstore partner. They will be providing the Signature Partnership and affiliate schools with a \$5,000 award for the next 15 years. This money will be used to purchase supplies for the classrooms and students at these schools.
