Historically, most crimes that occur here are property thefts. The most commonly stolen items include:

- Bicycles
- Backpacks
- Purses & Wallets
- Cell Phones
- Laptops/Tablets
Almost every case of theft was the result of:

- Lack of vigilance
- Leaving doors unlocked
- Personal items left unattended
- Articles left in plain view in vehicles
Serial Numbers

Write down the serial numbers, especially of laptops, but also any other devices or appliances.

Be sure to check with your insurance company about coverage.
The Clery Act is a federal law that requires colleges to report crimes that occur “on campus” and school safety policies.

It is named after Jeanne Clery, who was raped and murdered in her dorm room by a fellow student on April 5, 1986.

Any time a crime has or is occurring that poses a serious or ongoing threat to the rest of the campus, the college must provide timely warnings in a way that is likely to reach every member of the campus community.

Consenting To Receive Electronic W-2

• Employees may choose to receive their W-2 information electronically. By consenting to receive your W-2 online you will not receive a paper W-2 from the university. You will continue to receive all of your W-2s electronically unless you withdraw your consent, which you may do through the website at any time. If you wish to choose electronic delivery of your W-2 or withdraw your consent for electronic delivery for tax year 2015 you must do so before midnight on January 14, 2016.

• Electronic W-2s are expected to be available at noon on January 15, 2016. For those employees who did not elect to receive their 2015 W-2 information electronically, paper W-2s will be printed between January 26 and 28, 2016, and will be mailed within 48 hours. Employees receiving a paper W-2 will have access to print a duplicate copy after January 31, 2016.

• To access W-2 Express, employees must enter their employee identification number and a personal identification number (PIN). Employees who do not remember their existing PIN may have their PIN reset to the default PIN scheme at any time by contacting the payroll office. PIN numbers are generally reset within 24 hours or less.

• W-2 Express offers many of the same features through the phone that are offered on the web. Employees may access the interactive voice response (IVR) portion of the service by calling 1-888-818-6021.
