Notes:

A. Bundled Student Fees that will be charged to Tuition Remission participants are \$202/Semester for a Full-Time Student.

- 1) Full-time load for all undergraduate courses is deemed to be 12 hours for the purpose of billing student fees, regardless of actual degree requirement.
- 2) Full-time load for all graduate courses is deemed to be 9 hours for the purpose of billing student fees, regardless of actual degree requirement.
- 3) Student Fees are calculated per credit hour and are rounded to the next lower whole dollar amount to promote efficiency in billing.

B. For Dependent Children, the tuition differential that applies to on-line courses will also be billed to the student.

C. Students who are newly admitted or enrolled in classes for the first time beginning Fall 2011 will also be responsible for the Student Recreation Fee, which is \$98 per semester for full time students and prorated per credit hour for part time students. The Student Recreation Fee is not bundled in tuition.
