# Thoracic Oncology Conference 2009

Individualizing the Treatment  
of Thoracic Malignancies -  
A Multidisciplinary Approach

**Saturday, Nov. 21, 2009**

### The Galt House

141 North 4th Street  
Willow Room, 3rd floor of Rivue Tower  
Louisville, KY 40202

Continuing Health Sciences Education

## Course Description

This multi-disciplinary conference will allow its participants to gain a greater understanding and knowledge

about the individualized treatment of thoracic malignancies for diverse population of patients. Each year, more is learned about the advancements in medicine and technology and how this will impact the way healthcare professionals work together to improve individualized patient care.

The physicians of the Thoracic Oncology Clinic at the Brown Cancer Center at the University of Louisville are full-time faculty who will share their knowledge about the latest advances in their respective fields.

### Target Audience

Physicians in the following specialties: Primary Care, Medical Oncology, Radiation Oncology and Pulmonary Medicine; also, nurses & nurse practitioners.
