SSWS Student Portfolio Requirements

In an effort to integrate conceptual knowledge and theories learned in the classroom with practice skills developed in the field practicum, each student is required to build a practice skills portfolio. The portfolio is useful for monitoring the student’s skill development by the student, field instructor, and field advisor.

Students are required to submit a portfolio at least 1 month before graduation. Portfolios should document your knowledge and performance of 10 (all except Standard 2) of the NASW Standards for School Social Work Practice (Appendix A), and be consistent with the commitments and dispositions outlined in the College of Education and Human Development conceptual framework for teacher education programs (Appendix B). Portfolios should be well organized and contain a table of contents that includes the following for each of the 10 Standards you include a brief summary of the document(s) included in the portfolio to demonstrate your knowledge and performance of the Standard.

Portfolios should be submitted as a single pdf file or in hard copy with no section dividers, staples, or paper clips. All pages must be single-sided (as opposed to double sided printing/copying). Portfolios must also include the following:

Table of contents
- Program planning sheet
- Current résumé
- Field practicum evaluation forms (Fall and Spring)
- Evidence of proficiency (organized by standard)

Each standard should be listed, followed by a statement describing the artifact(s) you have included, and how it/they demonstrate(s) proficiency.
