

BSW Practicum Award for Outstanding Performance in Practicum

The BSW Practicum Award was established in the charter year of the BSW Practicum Education Program to recognize a single BSW student each academic year for outstanding performance in Practicum. Throughout the academic year, the BSW student selected to receive this award demonstrated excellence in meeting the rigorous demands of the practicum education program both in the classroom and in the field. Additionally, the student demonstrated exemplary professional behavior with clients, colleagues, and the community. The student also exceeded expectations in demonstrating initiative and creativity in critically thinking and problem solving skills. And finally, the student has demonstrated a high level of maturity, self-awareness and willingness to undertake challenges to advance in autonomy in practice.
