QUICK FACTS:

- Ekstrom decided to implement a kindle loan pilot based on a presentation at KLA Academic by Joyce Neujahr, University of Nebraska, Omaha
- Pilot began January 2011 with 12 kindles purchased initially and 100 titles
- Purchased cases for the kindles (successful) and bags for cords (not successful, as these were too big and we decided not to loan cords)
- Bibliographic record created for each kindle – with author/title and title entries
- By March 2011, 6 more kindles were purchased at Ekstrom, and additional titles added
- In March 2011, 67 people were on the wait list , with all kindles checked out
- Kornhauser Health Sciences Library just starting loaning in September 2011
- # Kindles @ Ekstrom = 18
- # Kindles @ Kornhauser = 6
- Loan period for both libraries = 2 weeks
- Buy the book once – share on 6 Kindles (this policy may soon change)
- Ekstrom content=recent best-sellers, popular fiction and non-fiction books
 - # Titles on an Ekstrom Kindle = 119
- Kornhauser content= fiction and non-fiction with a medical or biomedical theme
 - # Titles on a Kornhauser Kindle = 27
- Kindles continue to be heavily used—over 109 holds have been filled
