GAIN A NEW SKILL THIS FALL
Classes begin September 13

Classic Film Series #22
All new films!
#179CPB | 6 Tuesdays, 6:30-8:30 p.m. | 9/20-11/1
(Class does not meet on October 4)
Cost: $79

View six (6) of the finest movies ever made. Explore them with a film historian who will share the background stories of how they were made and why they are significant.

» Umberto D (1952);
» Kiss Me Deadly (1955);
» The Graduate (1967);
» Days of Heaven (1978);
» Broadcast News (1987);
» The Player (1992)

Instructor: Greg Willihnganz, graduate of filmmaking certificate program at BCTC, independent filmmaker in Louisville for eight years

Overview of Photography and Digital SLR Cameras
#179CPC | 4 Mondays, 6:00 p.m.-8 p.m. | 9/26-10/17
Cost: $124

Gain a new appreciation, explore the opportunities, and discover your own creative talents in field of photography. This overview class introduces you not only to camera capabilities, but also to different types of camera lenses, flashes, formats, and composition. Assignments will allow you to experience, practice, and learn new skills. Have fun and share your new photos. Bring your camera (SLR), accessories and manual to each class.

Instructor: Kennisha Fisher, professional photographer, Once Upon A Flash photography

Photography Basics for Digital SLR Cameras
#179CPA | 6 Tuesdays, 6:30-9 p.m. | 9/13-10/25
(Class does not meet on Oct. 4) Cost: $175

Get more from your digital camera by learning about lenses, flash, digital capture and composition. You’ll also discover how professional photographers make dynamic images. Have fun with assignments that allow you to practice, learn and share. You’ll quickly reach a level of competency that will enable you to continue a lifelong pursuit in the ever-changing field of photography. Bring your camera (SLR), accessories and manual to each class.

Instructor: Rod Patterson, professional photographer

Advanced Digital Photography
#179EPA | 2 Tuesdays, 6-9 p.m. | 11/1-11/8
Plus field trip on Saturday, November 12
Cost: $119

You’ve learned the basics. Now explore these topics in greater detail: lighting techniques, elements of composition, and creating images with impact. A Saturday morning field trip will offer an opportunity to practice your newly learned skills and receive personalized feedback from a professional photographer.

Instructor: Rod Patterson, professional photographer

Introduction to Photoshop Elements
#179EPB | 4 Tuesdays, 7-9 p.m. | 11/15-12/6
Cost: $185 Sorry, no discounts

Modeled after the professional-grade, industry-standard Photoshop, Adobe Photoshop Elements provides key tools for enhancing, organizing, and sharing photographs. In Photoshop Elements Introduction, you will learn how to create professional-looking images. This class covers the three main workspaces: the Welcome screen; the Organizer; and the Editor, which is used for common tasks such as cropping, straightening, correcting brightness and contrast, and removing red-eye. Basic computer skills are a requirement for this class. BRING YOUR LAPTOP (WITH THE ADOBE PHOTOSHOP ELEMENTS Program) TO CLASS EACH NIGHT.

Register early! Class size limited to 12 students!

Instructor: Rod Patterson, professional photographer
