- Two Bedroom Suite: $695.00

Lodging/Reservations
The meeting will take place in the Canyons Grand Summit with lectures in Kokopelli III. Exhibits with breakfast and Après ski will be located in Kokopelli II. Meeting registration will be in the Ballroom Lobby.

Discounts on lift tickets and equipment rental will be offered to meeting attendees.

Please refer to www.parkcitymountain.com for additional information.

Guest Registration
Guest registration is available and provides your guest(s) with access to the meeting areas and all meals offered during the seminar. It is not required for the lift ticket or equipment rental discount.

Transportation
The Canyons is easy to get to and just 35 minutes from Salt Lake City International Airport (SLC). Several shuttle and bus services are available for easy transport between the airport and Park City, UT. All Resort Express and Park City Transportation offer transport between SLC and Park City. More information is on their websites: www.allresort.com and www.parkcitytransportation.com

Driving Directions:
- From the airport take I-80 East through Salt Lake City. (I-80 merges with I-15)
- You will now follow I-80 East for about 15 – 20 minutes and take Exit #145 Kimball Junction / Park City.
- This exit is the main road that enters Park City and The Canyons. You will be on SR-224.
- Follow 224 for two miles from the exit and take a right at the stop light on to The Canyons Resort Drive.
- Continue a short distance up to The Canyons.
- Lodging guests: Follow The Canyons Resort Drive to your destination.

Register by December 15, 2017 to save $100 off the regular registration fee.

A Continuing Medical Education Conference
This activity has been approved for 20.25 AMA PRA Category 1 Credits™
Learning Objectives

- Construct a differential diagnosis for common and uncommon dermatologic problems affecting children and adults.
- Design a plan for evaluating children and adults with cutaneous disease.
- Manage patients with dermatologic disease utilizing medical, surgical, and procedural methods.
- Recognize and avoid complications from medical, cosmetic, and surgical treatments.
- Ascertain new and emerging topics in the dermatologic literature

Selected Specific Learning Objectives:

1. Describe the medical and psychiatric co-morbidities associated with hidradenitis suppurativa
2. Recognize common presentations of chemotherapy induced cutaneous complications and develop therapeutic ladders for the management of these complications.
3. Recognize the medications known to cause drug-induced subacute cutaneous lupus erythematosus, ANCA-associated vasculitis, and SJS syndrome.
4. Describe the risk and outcomes of melanoma in children based on recently published big data
5. List appropriate evaluations in the workup of scarring and non-scarring alopecia
6. Recognize and treat cutaneous infections and infestations
7. List surgical techniques that can be incorporated in a surgical clinic to improve efficiency.

- Design a program for management of moderate to severe atopic dermatitis incorporating new topical and systemic therapeutic options.
- Recognize the clinical phenotypes associated with specific auto-antibodies in dermatomylitis and describe the implications for prognosis and treatment
- Design a systematic plan for evaluation and management of chronic pruritus.

Outcomes

- Provide your patients with an enhanced diagnostic approach.
- Familiarize yourself with recommended and new therapeutic protocols.
- Gain knowledge in regard to interpreting diagnostic tests for cutaneous diseases.
- Compare and contrast your current practices with leading dermatologists in the field.

Friday, January 26, 2018
