

School of Medicine Extramural Awards, January-March 2015

Issue Date	Name	Department	Amount	Sponsor	Sponsor Type	Purpose	Full Title
1/1/2015	Stevenson,Michelle Dee	Peds-ED	\$40,227.00	Massachusetts General Hospital	Private Non-Profit	Clinical Research	Infant Specific-IgE, Rhinovirus-C Bronchiolitis and Incident Asthma in MARC-35
1/1/2015	McGowan,Kerry Kaye	Peds-Hem/Onc	\$50,000.00	St. Baldrick's Foundation	Private Non-Profit	Clinical Research	Improving Treatment for Children with Sarcoma and Neuroblastoma
1/1/2015	McClain,Craig James	Med-GastroenterologyHepatology	\$5,180.00	inVentiv Health Clinical (PharmaNet/i3)	Industry	Clinical Research	An Observational Study To Assess Documentation of Hepatic Encephalopathy in Clinical Practice
1/1/2015	Barnes,Gregory Neal	Neurology	\$49,060.00	Children's Hospital Boston	Private Non-Profit	Clinical Trial Research	Treatment of Children with Autism Spectrum Disorders and Epileptiform EEG with Divalproex Sodium
1/1/2015	Jala,Venkatakrishna Rao	Microbiology	\$195,750.00	National Institutes of Health	Federal	Research	CCR2 mediated inflammation and gut microbiota in promoting intestinal cancer
1/1/2015	Ding,Chuanlin	Med-Oncology	\$792,000.00	American Cancer Society	Private Non-Profit	Research	Reversing MDSC-mediated immunosuppression by Beta-glucan Treatment
1/1/2015	Abu-Kwaik,Yousef	Microbiology	\$225,000.00	National Institutes of Health	Federal	Research	Exploitation of host glycolysis by Legionella
1/1/2015	Montgomery,Lynnette R	Neurological Surgery	\$100,000.00	Paralyzed Veterans of America	Private Non-Profit	Research	Role of vasopressin in spinal cord injury induced polyuria
1/1/2015	Shao,Hui	Ophthalmology/Visual Sciences	\$6,500.00	Sullivan University	Private Non-Profit	Research	Identify the mechanisms of HMGB1 in the contribution of ocular inflammation in autoimmune uveitis.
1/1/2015	Boakye,Maxwell	Neurological Surgery	\$75,000.00	Paralyzed Veterans of America	Private Non-Profit	Research	Improving Acute SCI Assessment with Cine MRI and Epidural Electrophysiology
1/1/2015	Currie,Melissa L.	Peds-Forensic Medicine	\$125,000.00	Louisville/Jefferson Co Metro Government	Local	Service	Pediatric Forensic Medicine Project
1/1/2015	Sorrell,Connie L.	Cancer Center	\$10,000.00	The RSMIS Foundation	Private Non-Profit	Service	Breast Cancer Services for Low Income Women in Metro Louisville
2/1/2015	Slaughter,Mark S	Cardiothoracic Surgery	\$47,377.00	Institute of Applied Medical Engineering	International	Other Sponsored Activity	ReinHeart TAH - 7-day Animal studies
2/1/2015	Zhang,Huang-Ge	Microbiology	\$54,876.00	Takeda Pharmaceutical Company Limited	Industry	Other Sponsored Activity	Fruit Exosomes Formulations of Exenatide: Improved Bioavailability
2/1/2015	Cai,Lu	Pediatrics	\$103,000.00	American Diabetes Association	Private Non-Profit	Research	A translational approach to preventing diabetic cardiomyopathy via targeting Nrf2 function
2/1/2015	Garbett,Nichola Christine	Med-Oncology	\$26,644.00	Bay Area Lyme Foundation	Private Non-Profit	Research	Differential scanning calorimetry as a novel serological technology in Lyme disease
2/1/2015	Shirwan,Haval	Microbiology	\$225,000.00	National Institutes of Health	Federal	Research	Improving the lead rF1-V plague vaccine using an SA-4-1BBL/alum adjuvant platform
2/1/2015	Kalbfleisch,Theodore Samuel	Biochemistry&Molecular Genetic	\$155,865.00	Morris Animal Foundation	Private Non-Profit	Research	Improving the Reference Genome of the Horse
2/1/2015	Hubscher,Charles H.	Anatomical Science/Neurobiology	\$299,846.00	Ky. Spinal Cord & Head Injury ResBd	State	Research	Improving sexual function with step training after spinal cord injury
2/1/2015	Magnuson,David Stuart	Neurological Surgery	\$398,807.00	National Institutes of Health	Federal	Research	Functional consequences of silencing propriospinal pathways after SCI in the adult rat
2/1/2015	Kosiewicz,Michele Marie	Microbiology	\$565,358.00	Alliance for Lupus Research	Private Non-Profit	Research	Sex and microbiota influence on immunoregulation and disease in BWF1 mice

2/1/2015	Chien,Sufan	Surgery - Thoracic & Cardio	\$113,622.00	Noveratech, LLC	Industry	Research	A New BioMarker For Diabetic Foot Ulcers
2/1/2015	Jones,Veronnie Faye	Peds-AmbuUCHS	\$500.00	Fdn. for a Healthy Kentucky	Private Non-Profit	Training/Education	2014 Cultural Competency Workshop
3/1/2015	van Berkel,Victor H	Cardiothoracic Surgery	\$200,000.00	The V Foundation for Cancer Research	Private Non-Profit	Clinical Research	Diagnosis of Lung Cancer by Breath Analysis Using Silicon Microchips
3/1/2015	McCall,Maureen Ann	Ophthalmology/Visual Sciences	\$40,764.00	Faraday Pharmaceuticals, Inc.	Industry	Other Sponsored Activity	Amelioration of the Effects of Sodium Iodate in the Retina
3/1/2015	Schaal,Shlomit	Ophthalmology/Visual Sciences	\$30,000.00	United States-Israel Binational Science	International	Research	The Role of Semaphorins in retinal and choroidal neovascularization
3/1/2015	Bodduluri,Haribabu	Microbiology	\$33,402.00	University of Kansas Medical Center	Private Non-Profit	Research	Epigenetic and infection induced EMT of colonic crypts: a target for chemoprevention
3/1/2015	Soucy,Kevin G	Cardiothoracic Surgery	\$230,695.00	American Heart As-Great Rivers Affiliate	Private Non-Profit	Research	Vascular response to continuous flow ventricular assist device with pulsatile flow modulation in mock
3/1/2015	Chaturvedi,Pankaj	Physiology	\$95,000.00	American Heart As-Great Rivers Affiliate	Private Non-Profit	Research	Exosomal delivery of TIMP4 for cardiac remodeling and its epigenetic silencing in heart failure
3/1/2015	Barve,Shirish Shrikrishna	Med-GastroenterologyHepatology	\$300,000.00	National Institutes of Health	Federal	Research	SAM Deficiency Mediated Epigenetic Mechanisms in Alcohol Induced Immunosuppression
3/1/2015	Arteel,Gavin	Pharmacology	\$47,292.00	RTI International	Industry	Research	Therapeutic Approaches to Liver Disease
3/1/2015	Smith,Michael J	Peds-ID	\$18,805.00	Duke University	Private Non-Profit	Training/Education	Task Order #25 SCAMP NIH-HICHD-CRMC-2010-02
