

Welcome to University of Louisville Physicians Geriatrics Practice! We will partner with you to provide excellent care.

Our practice is striving to provide patient-centered care. This will incorporate team based, comprehensive, coordinated care in order to deliver the best possible healthcare services for you. Your healthcare team is made up of your choice of a Primary Care clinician and a team of support staff to work with you to meet all of your healthcare needs. Our electronic healthcare tools (along with other resources) will assist us in providing the best medical care, tailored specifically for you.

Our doctors will need to know more about you if we are going to be your health partner and so we ask that you please completely fill out each form that we have enclosed in this packet. Again, please read everything carefully, complete the necessary information and sign your name wherever it is required on all of the enclosed forms.

### Please return all of your completed paperwork to:

UofL Physicians - Geriatrics 401 E. Chestnut Street, Suite 170 Louisville, KY 40202

On every visit, please remember to bring in <u>ALL</u> of your current insurance cards, photo identification, your co-payment (if you have one) and all medication (including supplements) you take *in their original bottles* with you. Please arrive 15 minutes ahead of your scheduled appointment time so that if you have questions about the forms or in the event we should need more information, we can address it all prior to your appointment.

You can contact your team member anytime during our normal office hours (Monday through Friday 8:00 a.m. – 5:00 p.m., EST, except for holidays) by calling the practice location of your healthcare team, listed at the bottom of this page. Outside of normal office hours, please use the same phone number and the answering service will be able to take your message and have on-call personnel return your call. Please continue to call 911 for all emergencies. We have implemented our PATIENT PORTAL which allows you to learn about a particular medical condition, electronically communicate with your healthcare team, review your medical records and even receive reminders about your personal conditions. Please ask our front desk personnel how you can register for your patient portal.

We realize that you have many choices and we thank you for choosing to partner with us. We look forward to seeing you!
