Disabled Parking Permits

Applications for permits are available at all County Clerk's offices or online at <http://www.jeffersoncountyclerk.org/motor-vehicles/mvb-disabled.asp>. Permit requires a doctor's signature and license number on the application for the permit. There are no fees for handicap placards. Applicant's signature must be notarized, which can be done at any County Clerk's office. Notary fee is \$2.00. Temporary disabled placards are valid for a 3 month period and permanent disabled placards are valid for 2 years (and can be renewed twice). If you have questions, call the Motor Vehicle Call Center at 502-574-5700.

TARC3 (Transit Authority of River City) ADA Paratransit

All TARC routes are wheelchair accessible. The front of every TARC bus has priority seating for seniors and citizens with disabilities. All TARC routes feature buses with either lift mechanisms or ramps to assist customers in wheelchairs or with other mobility impairments.

Kneeling buses are available on most buses to make boarding easy for mobility-impaired passengers including elderly persons and passengers using crutches or canes. Kneeling buses are identified with a decal near the front door.

If disabilities prevent you from using regular routes, TARC also provides a door-to-door service known as TARC3.

TARC3 ADA Paratransit Paratransit Service provides public transportation for people with disabilities who cannot use regular fixed-route bus service.

The ADA states that TARC's regular bus service should be the primary means of public transportation for everyone, including people with disabilities. Under the ADA, TARC3 will serve as a safety net for only those persons who do not have the functional capability to ride TARC's regular buses.

TARC3 Paratransit service is a shared-ride public transportation system, enabling routes and schedules to be structured to transport multiple passengers on the same vehicle to multiple destinations.

Service Area

The TARC3 ADA service area is up to $\frac{3}{4}$ mile from fixed route bus lines, excluding the express routes. TARC3 also provides non-ADA paratransit services to other service areas under various contracts and funding sources.

Door-to-Door Service

TARC3 Paratransit service is a door-to-door public transportation service for people who are certified as ADA paratransit eligible.

Door-to-door service means that drivers will assist passengers from the outside door of the point of origin and to the outside door of the destination.

Application Process

If you are interested in applying for the TARC3 ADA Paratransit service, call the Eligibility Office at (502) 213-3217 weekdays, between 8 a.m. and 4:30 p.m., to receive an application by mail.
