

To install Dell 3110CN Color Laser printer:

Part I

Go to the Technology section of the Faculty & Staff Resources web page at:
<http://louisville.edu/music/faculty-staff/resources-for-uofl-music-faculty-staff/technology-support.html>

Download the Driver for your operating system from the list under the Dell 3110CN Color Laser Printer section.

Double-click to install the driver on your computer.

Continue with Part II below.

Part II

(The instructions from here on are for Windows-based computers only)

Go to Start/Printers/ or Start/Control Panel Printers

Click Add a Printer

Choose to add a Network printer

Let it browse for network printers

Select the Color Laser 3110cn Dell on 136.165.27.6 and click the Next button

At Install Driver window, click Have Disk

Browse to Computer/C: Drive/Dell/Drivers/#folder same as drivers extracted to (# folder will be either 243916 for Windows 2000, XP, Vista 32-bit and Windows 7 32-bit, or 244204 for Vista 64-bit and Windows 7 64-bit)

Choose the PS folder and English and .inf file

Click OK and then click the Next button

Click once on Dell Color Laser 3110cn PS in Printers box and click Next button

Choose to set as Default printer or not

Printer will install

Click Finish button
