FACULTY: Blackboard Course Archiving: March 17, 2006

On March 30th, the Delphi Center will backup and remove all Spring 2005 courses from the Blackboard system. We are asking all faculty who use Blackboard to prepare for the archive by copying any needed course content from old courses into their new courses before March 30. If you need assistance with this process, you may call the Delphi Center (852-4319) to help with moving your content. Additionally, if you have a course from Spring 2005 or earlier that needs to remain on the Blackboard system, please email [the Delphi Center](#), specifying the course title, number, and semester. These identified courses will then remain on the system.

If you take no action, your old courses will be archived and stored by the Delphi Center on March 30th. If you find you need any removed content, it may be restored by the Delphi Center.

STUDENTS: Summer and Fall 2006 Registration for continuing students: March 17, 2006

Registration begins Thursday, April 13th based on classification and an alphabetic rotation. View the [registration schedule](#) for your first opportunity to register. The Summer 06 rotation schedule is the same. If you are required to see an advisor, you must do so before registering. You will receive an announcement about registration through your U of L email account.
