**FLEX/TERM PACE ENROLLMENT OPTIONS**

**Flex Option (Competency-Based Education)**
The competency-based education (CBE) model allows you to move more quickly through course material you already know and focus on learning what you don’t. CBE students have the option to test out of one and advance to another whenever ready.

**Term Option**
The term option uses a more structured term-based format through accelerated 8-week courses and guided learning. Our 8-week terms allow you to focus on one course at the time, and better manage your education alongside your other priorities.

**ONLINE COURSES**
The curriculum for the Healthcare Leadership online program is based on the National Center for Healthcare Leadership’s (NCHL) competency model, one of the leading industry standard models for healthcare executive competencies development—the first of its kind in the state and region.
