Board members applauded the coaches and student-athletes for their success.

IV. Information Item: Financial Statements through 3/31/09

Mr. Miller reviewed highlights of the financial statements for period ending March 31, 2009. The budget was in excellent shape. Although the original budget anticipated transferring \$500,000 from Athletic accounts held in the UofL Foundation, the Association hopes to balance the budget without using reserve funds. The University also hosted the NCAA field hockey national championship for the third time at newly renovated Trager Stadium, the 2009 Big East softball tournament at Ulmer Stadium, the 2009 NCAA track and field Mideast regional at Owsley Brown Cardinal Park. UofL has also secured the 2012 NCAA volleyball championship at the new Louisville arena. These events create great opportunities to showcase the University's facilities. Mr. Miller reviewed the expenses and noted no problems at this time. Chair Seebert thanked Mr. Miller for the review and invited all board members to attend the budget workshop that is usually held in May. Notice will be given before the next workshop.

- A preliminary release of 2007-2008 Multiyear APR (Academic Performance Rate) for 2004-2005 through 2007-2008, shows all 23 of the teams to be above the 925 cut score for academic progress. Based on current data, an APR score of 925 translates into a graduation rate of 60%. The public release of the University's data, as well as national data, is expected on May 6. On April 22, the NCAA will release Public Recognition Awards for teams that posted multiyear APR scores in the top 10% of all squads in their respective sports.
- The last NCAA Graduation Success Rate (GSR) report shows the University's graduation rate for student-athletes at 75%. The Federal Graduation Rate report shows UofL at 65%, with the rate for all students at UofL at 44%. The GSR allows the University to include student-athletes who transfer in, and to subtract student-athletes who leave while still eligible. It is not possible to apply the same formula to all students.

VI. Report of the Athletic Director

Mr. Jurich provided the following updates:

- Basketball - the men's team won the Big East tournament and was the #1 overall NCAA seed; Julie Herman has done a great job in taking over the marketing strategy for the women's team; 2500 fans traveled to St. Louis to support the women's team. The women's games produced 14,000 in attendance for three regular season games; the attendance goal is 10,000 in 2010.
- Football – the Red/White game is scheduled on April 17.
- Softball – the team has 30 wins
- Baseball – the team ranks near the top in the Big East; the coach is doing a great job
- Track and Field – the team, most likely, will compete nationally
- Tennis – both men's and women's teams are doing well
- Rowing – the team is ranked nationally

Mr. Miller meets with the Papa Johns expansion group on a weekly basis; the project is on target with budget. Mr. Friedman has done a great job marketing/selling loge seating. The arena is coming along well.

Mr. Jurich pointed out that ten of the 15 men's basketball players met academic requirements to attend the Red & Black Banquet.

Mr. Joelson recognized the athletic department's leadership in sending 150 students to the women's Final Four tournament. He said all students were extremely appreciative of this opportunity.

Chair Ramsey thanked Mr. Jurich for his report.

VII. Report of the Chair

Chair Ramsey acknowledged the accomplishments of the spirit squad despite the grueling travel schedule to attend the women's Final Four in St. Louis and travel by bus to Daytona Beach. All four squads won national championships.
