

NEXT MISSION

Entrepreneur

BRAINSTORM

DEVELOP

VALIDATE

VetStart: From Veteran to Entrepreneur

Have an early stage company or an idea for a new business? Successful veteran applicants will receive 10 weeks of start-up training, mentoring, and limited funds for eligible start-up expenses. During the 10-week training, veterans will learn to validate their ideas, develop a strategy for implementing their vision and build a network of mentors to assist with the process.

If you're a Kentucky veteran with a business or business idea with growth potential, the application for your next mission is available at VetStart.

“The phenomenal 10-week LaunchIt program helped me transform the qualities I had as a soldier into superior business skills. LaunchIt mentors and speakers helped me acquire the expertise necessary to build a successful business. This is the BEST program Kentucky has to develop successful veteran business owners.”

—Alejandro Ramirez, CEO of Universal Spartan
2018 KY Veteran-Owned Small Business of the Year

APPLICATION AT: [VetStart](#)
