PSYC 605 Grade	
-----------------------	--

Please evaluate the student's performance on each of the following components that is applicable to his or her research work (PSYC 605 plus any additional research involvement) this semester, using the scale below. Note that depending on the stage of the student's research project(s) and training, different components will be relevant for a given semester.

1	Performance is unsatisfactory; remedial plan attached
2	Performance is below expected level for a graduate student in this program at this point in their training; remedial plan attached
3	Performance meets or exceeds expected level
NA	Not Applicable

- _____ **Mastery of relevant literature**
- _____ **Research design**
- _____ **Data collection and/or coding**
- _____ **Statistical analyses**
- _____ **Preparation of findings for dissemination**
(e.g., manuscript or manuscript sections, poster)
- _____ **Responsible professional conduct in research**

Remedial plan, if applicable <i>(attach separate page if needed):</i>

Student comments <i>(optional):</i>

I have reviewed this evaluation with the student.

I have received a full explanation of this evaluation. I understand that my signature does not necessarily indicate agreement with the evaluation.
