1. Help Name the New Dining Facility, WIN AN IPAD!

Students,

As you all know, the new dining hall on the west side of campus is now open for business, providing a wide variety of food options to students. The only thing missing is a name. So, that's where you come in.

We will be holding a student generated naming contest for the west side dining facility over the next couple of weeks. The winner, aside from the honor of having their submission selected, will receive other prizes including a brand new iPad! After all entries have been collected, the top suggestions will be used in an open student vote to select the winner. More details concerning the methods of voting will be provided soon.

All entries should be emailed to sgasvp@louisville.edu by noon on Friday, **Sept. 17th**. Entries may also be dropped into the suggestion box located outside the SGA suite on the 3rd floor of the SAC. Only students may enter, but students may submit as many entries as they would like.

So, if your a student and you think you have a good name for this new dining facility, shoot us an email: sgasvp@louisville.edu or drop your idea in our suggestion box. Remember you can't win if you don't enter. This is your chance to leave a permanent mark on campus, so make sure to submit your idea. Submitted by: Billy S. Garland, SGA

2. New SGA CardCast!

There's a new video broadcast on campus that is designed to showcase the talent right here at UofL. The CardCast is a student run and operated online broadcast. Every other week new episodes will be released, focusing on SGA events, student led initiatives as well as the wealth of natural talent within the student body. It is designed to give students a new outlet and an opportunity to get hands on experience in video production. If you haven't already seen the newest episode, check it out by following the YouTube link on our website, www.louisville.edu/sga. The videos also have information on how you can get involved, so make sure to check it out. Submitted by: Billy S. Garland, SGA
