---

### Curriculum Vitae

Joann M. Schulte, DO, MPH

#### Office:

North Texas Poison Control Ctr.  
Parkland Memorial Hospital  
5201 Harry Hines Blvd.  
Dallas, TX. 75235

#### Home:

4412 Westdale Court  
Fort Worth, TX. 76109

email: [joann.schulte@phhs.org](mailto:joann.schulte@phhs.org)

email: [jzs1@earthlink.net](mailto:jzs1@earthlink.net)

### Education

Texas Women's University, Denton, TX, Fellow, TWU Public Voice Thought Leadership Program 2015.

University of Chicago, Chicago, IL, Medical Editing Certificate Program, March 2015.

Emory University, Atlanta, GA, MPH, Epidemiology, August 2002.

Texas College of Osteopathic Medicine, Fort Worth, TX. D.O., 1988.

Florida International University, Miami, FL., B.S., Health Science, 1979.

### Medical Licensure/Certification

Massachusetts Medical License 254455, Texas Medical License H-6589, Maryland Medical License 67968, Georgia Medical License 033696.

Board certified, pediatrics, 10/96, recertified 12/13, # 600793. Board certified, preventive medicine, 1/10, # 052925. DEA # BS3474169.

### Post Graduate Medical Training

North Texas Poison Control Center, Parkland Memorial Hospital, Dallas, TX.  
Fellow, Medical Toxicology, 7/14 - present .

Massachusetts Medical Society/New England Journal of Medicine, Boston MA., Editorial Fellow, 7/13 – 6/14.

UT Southwestern/Children's Hospital of Austin/Brackenridge Hospital, Austin, TX. Third-Year Pediatric Resident, 7/93 - 7/94.

# CV Joann Schulte, DO, MPH

---

## Post Graduate Medical Training

Centers for Disease Control and Prevention, Atlanta, GA. EIS Officer/Preventive Medicine Resident, 7/90 - 7/93. EIS: Clinical Research Branch, Division of Sexually Transmitted Diseases/HIV Prevention, Atlanta 7/90 - 7/92. PMR: Assigned to Bureau of STD/HIV Control, Texas Department of Health, Austin, TX., 7/92 -7/93.

University Hospitals of Cleveland, Cleveland, OH., Second-Year Pediatric Resident, 7/89 - 6/90.

Emory University Affiliated Hospitals (Grady Memorial and Egleston Hospital for Children), Atlanta, GA., Pediatric Intern, 6/88 - 6/89.

## Teaching Experience

Florida State University, Tallahassee FL., Adjunct faculty epidemiology core course 2005-6.

## Professional Employment

Medical Toxicology Fellow, North Texas Poison Control Center, Parkland Memorial Hospital, Dallas, TX., 7/14 - .

### Duties and Accomplishments

- Consultant for inpatient and outpatient poisonings, drug overdoses, suicide attempts, and toxicology exposures.
- Principal investigator on 3 studies assessing exposure to chemotherapy agents by non-patients, snake bites in USA and suicidal ideation in North Texas.
- Epidemiology consultant, Dallas County Health Department for Ebola contact investigations and child exposures in schools.

Massachusetts Medical Society/ New England Journal of Medicine, Boston, MA., Editorial Fellow, 7/13 – 6/14.

### Duties and Accomplishments

- Selection, review, editing of Clinical Images In Medicine, weekly publication.
- Writing, editing and selection of authors for Clinical Decisions, periodic publication of clinical topics with pro/con view points and on-line polling.
- Reviewer, original research articles.
- Organized editorial tracking process for review articles, including invitation, scheduling and linking to NEJM maintenance of certification program.
- Editing of original research and review articles.

U.S. Public Health Service, Commissioned Officer, U.S. Public Health Service, Grade-06; Assigned to the Centers for Disease Control and Prevention, Atlanta GA., 03/11-8/13.

## CV Joann Schulte, DO, MPH

---

### Professional Employment (con.)

Medical Epidemiologist, CDC, Global AIDS Program, Maternal & Child Health Branch, Pediatric Care and Treatment Program.

#### Duties and Accomplishments

- Deputy branch chief for scientific review.
- Co-investigator, Enhanced pediatric HIV surveillance and reporting, South Africa.
- Investigator, Detecting concentration of antiretroviral drugs using infant dried blood spots.
- GAP lead for implementing scaling up of antiretroviral treatment for children in Africa.
- Technical advisor pediatric care and treatment, PEPFAR in South Africa, Kenya, Botswana.
- Led project to evaluate infant nutrition surveillance, Botswana.
- Investigator on modeling of ARV pediatric costs in Africa using Spectrum software.

Assigned to National Institutes of Health, Bethesda MD., 11/07 - 03/11 .

Medical Officer, National Institutes of Health, NIAID, DMID, STD Branch, 11/07- 3/11 .

#### Duties and Accomplishments

- Medical monitor and epidemiologist, Phase III herpes vaccine trial.
- Drafted and reviewed Research Analysis Plan for Phase III herpes vaccine trial.
- Review of end-point data for vaccine efficacy for Phase III herpes vaccine trial.
- Author and co-author on papers for Phase III herpes vaccine trial.
- Served 3-year term on editorial board of Pediatrics journal.
- Completed NIH course on Principles and Practices of Clinical Research.
- Organized NIH Workshop on bacterial vaginosis diagnostics and co-authored proceedings article.
- Staff physician, STD clinic, Montgomery County, Maryland, Public Health Unit.
- Medical consultant on STD study protocols.
- Completed analysis of preterm birth and HAART therapy using European and US data.
- Screen and interviewed applicants for RN position in STD branch.
- Advised community clinic (HRSA funded) on organization & implementation of clinics for seasonal flu and H1N1 vaccination.

Assigned to Centers for Disease Control and Prevention, Atlanta, GA., 8/95 - 11/07.

Medical Epidemiologist, Centers for Disease Control and Prevention, assignee to Texas Department of State Health Services, Arlington, TX., 12/06 –11/07.

#### Duties and Accomplishments

- Team lead for epidemiology/public health, Dallas-Ft Worth area, 7 million population.

## CV Joann Schulte, DO, MPH

---

### Professional Employment (con.)

- Investigated multiple shigellosis outbreaks in 2 elementary schools in North Texas.
- Investigated cluster of leishmaniasis cases, North Texas, extending geographic range in Texas.
- Analysis of transmission patterns of brucellosis in Texas, 2000-2006.
- Developed procedures for contact investigation and antibiotic prophylaxis for pertussis cases.
- Supervised three investigations of laboratory exposure to brucellosis, Tarrant County.
- Developed CME for isolation and quarantine for North Texas physicians.
- Revised pertussis outbreak investigations and instituted measure to provide prophylaxis and immunization for indigent contacts.
- Developed data quality and timely reporting guidelines for regional and local health departments.
- Organized quarterly epi meetings for the region.

Medical Epidemiologist, Centers for Disease Control, assignee to Florida Department of Health, Tallahassee, FL., 12/02 -12/06.

### Duties and Accomplishments

- Acting program director, Florida EIS (program similar to CDC EIS, but with MPH level epidemiologists).
- Initial evaluator for suspect avian influenza cases, Florida.
- Developed surge capacity plans for pandemic influenza, Florida airports. Done jointly with Miami Quarantine Station, CDC.
- Designed and implemented real time hurricane surveillance systems using poison control data and medical examiner data.
- Led investigation of botulism associated with cosmetic therapy.
- Lead epidemiologist for hurricane disaster epi during 2004 & 2005; 8 Florida hurricanes.
- Implemented temporary surveillance system for post- hurricane illness and injury hospital emergency rooms and implemented electronic data transfer.
- Led investigation of hospital-related infections in Putnam County.
- Head of investigations sections, Bureau of Epidemiology, since 3/2004.
- Acting state epidemiologist, State of Florida (halftime 5/03- 6/04).
- Led systemic review of disease surveillance and lab reporting for bacterial meningitis in Florida.
- Investigated alleged case of smallpox in rural Florida county.
- Developed linkage of poison control center data for communicable disease surveillance.
- Led investigation of infant mortality increase in Brevard County, Florida.
- Principal investigator on sickle cell mortality assessing trends in mortality following adoption of sickle cell as part of newborn metabolic screening.
- Assessment of trends in Group B strep in Florida among infants and children 1995 – 2003.

## CV Joann Schulte, DO, MPH

---

### Professional Employment (con.)

- Supervised investigation of sustained malaria transmission in 2 Florida counties.
- Medical epidemiology consultant for influenza, SARS, monkey pox.
- Developed and taught regional epidemiological training for county health department staff with focus on pertussis and outbreak investigations.
- Assessment of Operation Vaccinate Florida I: small pox vaccination.
- Developed broadcast program on quarantine/bioterrorism for county health directors.
- Assessment of pertussis morbidity increases, Florida, 2002-2003.
- Supervise CDC EIS officer assigned to Florida Department of Health.
- Medical consultant for update of 2004 Florida birth certificate and 2005 death certificate.
- Instructor, Florida State University, introduction to epidemiology course, 2006.

Medical Epidemiologist, Surveillance Branch, Division of HIV/AIDS Prevention, 11/00-12/02.

#### Duties and Accomplishments

- Lead epidemiologist for implementation of electronic laboratory reporting for HIV/AIDS.
- Lead for DHAP on MMWR R&R for viral load reporting standards.
- Medical epidemiologist for perinatal/pediatric surveillance for HIV/AIDS.
- Co project officer, Pediatric Spectrum of Disease.
- Data team captain for laboratory testing for new HARS surveillance computer database.
- Epidemiologist member of Corrections Working Group.
- Completed smallpox training and assigned to response team in the event of a biological attack.

Medical Epidemiologist, National Immunization Program, Surveillance and Epidemiology Division, Infant Immunization Activity, 5/00 - 11/00.

#### Duties and Accomplishments

- Development of protocol for population-based assessment of intussusception among Texas infants associated with rotavirus vaccine.
- Development of reference serology protocol for diagnosis of pertussis.
- Analysis of pre-adoption immunization among international adoptees.
- Developed ACIP recommendations on documentation of adoptees' immunization records.

Medical Epidemiologist, Division of Tuberculosis Elimination, Surveillance and Epidemiologic Investigations Branch, 8/95 - 5/00.

#### Duties and Accomplishments

- Investigation of tuberculosis outbreaks in AIDS hospices in Puerto Rico, Mississippi day care center, Kentucky prison, Pennsylvania hospital.
- Evaluation of tuberculin skin test policies in university student health services.

## CV Joann Schulte, DO, MPH

---

### Professional Employment (con.)

- Principal investigator for pediatric TB study assessing completeness of pediatric infections, case reporting and source case investigations, California and New York.
- Investigation of TB transmission in a pediatric setting, Pennsylvania.
- Principal investigator for tuberculin skin testing study among pregnant women, Miami and North Carolina.
- Assessment of TB among migrant farm workers.
- Assessment of infectious diseases and immunization status of international adoptees.

Texas Department of Health, Austin, TX.

Director, Division of HIV/STD Epidemiology, Bureau of HIV/STD Prevention, 3/94 - 8/95.

### Duties and Accomplishments

- Redesigned STD surveillance system, establishing reporting deadlines and linking morbidity reporting to allocation of antibiotics for treatment.
- Evaluation of pediatric HIV patients' immunization status.
- Established epidemiology branch and implemented standard data quality control for STD, HIV and AIDS data.
- Established new formulary for STD therapy.
- Investigated outbreaks of rural and congenital syphilis.
- Investigated threats of violence and violent attacks against outreach workers in HIV, STD and TB programs in Texas.
- Investigator, Pediatric Spectrum of HIV Disease, Texas-based sites.
- Investigator, HIV Survey of Childbearing Women, Texas-based sites.
- Wrote reporting guidelines and implemented named reporting for pediatric /adult HIV infection.

Medical Epidemiologist (halftime), Bureau of HIV/STD Prevention, 7/93 - 7/94.

### Duties and Accomplishments:

- Analysis of risk factors for delayed measles immunization in Texas.
- Assessed links between congenital syphilis and pediatric HIV infection in Texas using case reports and birth certificate data.
- Analysis of Texas measles surveillance. Provided missing descriptive data for 10% of U.S. measles cases.
- Analysis of congenital syphilis and primary/secondary syphilis among adult women.

## CV Joann Schulte, DO, MPH

---

### Professional Experience (con.)

U.S. Public Health Service, Commissioned Officer, Grade-04  
Assigned to Centers for Disease Control and Prevention, Atlanta, GA.

Inactive Reserve, 7/93 - 8/95. Reactivated.

Medical Epidemiologist, Division of STD/HIV Prevention, Epidemiology Research Branch and Texas Department of Health, Austin, TX., 7/90 - 7/93.

### Duties and Accomplishments

- 1993 STD Treatment Guidelines Advisory Board, CDC, Atlanta. Responsible for sections on chancroid/genital ulcer disease, pediatric infections.
- Principal investigator, East Coast Migrant Farm Workers Study, to evaluate prevalence of STD, HIV, TB among migrant farm workers.
- Evaluation of gonorrhea therapy, Texas Department of Health. Prompted updating of therapy to ceftriaxone from ampicillin and improved monitoring for antibiotic resistance.
- Principal investigator, Colonias Project, to evaluate prevalence of STD and TB in colonias, rural settlements along Texas-Mexico border.
- Developed regulations for HIV infection and implemented HIV reporting in Texas.
- Evaluation of disease control measures used in four rural syphilis outbreaks in Texas.
- Evaluation of chancroid reporting in United States.
- Initial organization of Hepatitis A vaccine trial, Pine Ridge Sioux Reservation, South Dakota, 1991.
- Epi-Aid to evaluate chancroid outbreak, Maryland, 1991.
- Epi-Aid with CDC, Enteric Diseases. Diarrhea outbreak on cruise ship Regent Sun, 1991.

Fulton County Health Department, Atlanta, GA., Staff physician, STD clinic, 5/11 –7/13.

Planned Parenthood, Austin, TX., Staff physician, 7/92 - 8/95. Patient care for family planning clients.

Austin-Travis County Health Department, Austin, TX., Staff physician, 7/92 - 8/95. Patient care in STD, TB clinics.

DeKalb Board of Health, Decatur, GA., Staff Physician, 8/90 - 6/92. Patient care in STD, adolescent clinics, family planning, Decatur city school clinics.

Centers for Disease Control, Atlanta, Georgia. Medical Student Elective, Syphilis Outbreak, Tallahassee, Fla. 3/88 - 4/88.

## CV Joann Schulte, DO, MPH

---

### Professional Experience (con.)

Tarrant County STD Clinic/HIV Testing, Fort Worth, TX., Volunteer Staff (as medical student) 2/86 - 11/87.

Dallas County Health Department, Communicable Disease Section, Dallas, TX., Summer Intern 1986, Medical Student Electives, 1987, 1988.

Texas Department of Health, Bureau of Epidemiology, Austin, TX., Summer Intern 1985.

### Pediatric Experience

Medical Clinic at Henry Wade Juvenile Detention Facility, Dallas, TX. Staff physician for adolescent medicine, 9/14 – present.

Sidney Borum Clinic, Fenway Community Health Center, Boston, MA. Staff physician, adolescent medicine. 7/13 - 8/14.

Mercy Mobile Clinics, Atlanta, GA. Staff pediatrician in clinic. 6/11- 7/13. And 6/20 – 12/03.

Spanish Catholic Center Clinic Silver Springs MD. Pediatrician, outpatient 7/10 – 3/11 .

Community Clinic Inc., Takoma Park, MD., Pediatrician, outpatient. 12/08 - 7/10.

Georgetown Pediatrics, Georgetown, TX., Pediatric coverage. 7/02 – 3/09.

Round Rock Pediatrics, Austin, TX. Weekend pediatric practice / vacation coverage. 7/94 – 8/02.

Scottish Rite Medical Center, Atlanta, GA. After Hours Satellite Clinic. Pediatrician. 3/96 - 9/98.

East Austin Health Center, Central Texas Medical Foundation / Austin-Travis County Health Department, Austin, TX., Pediatric staff. 10/94 - 8/95. Weekly clinic in outpatient setting.

Allen Pediatrics, Allen, TX., Weekend pediatric office and coverage. 7/93 – 7/95 and 1/01- 8/03.

### Awards/Honors

State of Florida, Davis Productivity Award, 2007. For work on 8 Florida hurricanes 2004-5 and development of hurricane tool kit.

## CV Joann Schulte, DO, MPH

---

### Awards/Honors (con.)

USPHS Unit Citation, 2005. For outstanding performance of duties during 2004 hurricane season in Florida.

USPHS Achievement Medal, 2004. For significant public health contributions to surveillance and epidemiology in Florida as CDC assignee.

USPHS Citation, 2002. For leadership in organizing surveillance track of 2001 HIV Prevention meeting and publication of standards for viral load reporting.

USPHS Commendation Medal, 2000. For pediatric TB project.

USPHS Achievement Medal, 1993. For migrant farm worker project.

USPHS Citation, 1992. For innovative evaluation of chancroid surveillance system.

HHS Secretary's Award for Innovation in Health Promotion and Disease Prevention. Honorable Mention, 1987, for risk reduction of HIV transmission among adolescents.

Smith-Kline Beckman Medical Perspective Fellowship. Summer, 1986. Financed internship at Dallas County Health Department, Dallas, Texas.

Medical journalism awards from Texas Public Health Association, Texas Medical Association, American Heart Association, American Cancer Society, while at Dallas Morning News.

### Professional Service

Editorial board of Pediatrics, 2010 - . Peer reviewer for Pediatrics since 1990.

Member, National Medical Advisory Council, Make-A-Wish Foundation, 4/09 – 5/11 . Provides advice on what medical conditions should be covered for wishes for children with life-threatening conditions.
