

Staff Senate Flood Recovery Resolution

Whereas President James R. Ramsey and Executive Vice President & University Provost Shirley C. Willihnganz provided exceptional leadership and compassion during and following the record precipitation, campus and community flooding of August 4, 2009;

And whereas, Vice President for Business Affairs, Larry L. Owsley, his staff and the units that report to him ran into the flooded areas and buildings to protect people and property, then effectively managed the recovery of our campus dynamically and conscientiously;

And whereas countless other administrators, faculty, staff and students from the university community worked industriously, with Cardinal spirit and good humor, under demanding and uncertain conditions, to ensure the university was ready for the fall semester;

Be it therefore resolved that the members of the University of Louisville Staff Senate express their most sincere appreciation to everyone who contributed to the successful efforts to keep the University open fulfilling our educational, research and service missions.

Be it further resolved that a copy of this Resolution be presented to President Ramsey, Executive Vice President and University Provost Willihnganz, and Vice President Owsley, and posted on the Staff Senate web site.

Brent Fryrear, Staff Senate Chair
