FAQs

1. **What are the benefits of online learning?**
The biggest benefit of online learning is that you can work on earning your degree while raising a family, working full-time or experiencing particular life circumstances that make commuting to campus difficult or impossible. No presence on campus is necessary to attend online classes – you can learn from the comfort of your own home, office or anywhere else in the world.

2. **Is the online degree different than the degree earned on campus?**
No, there is no difference between the two. Your diploma will not indicate whether you attended college on campus or online and your credentials will be the same. In fact, learning online enables you to gain additional skills like time management, written communication or self-discipline, and helps you acquire the necessary credentials to move up in your organization, pursue a different career or reach your personal and professional development goals.

3. **Are courses taught by UofL faculty?**
Yes, at UofL you are taught by the same world-class faculty as our on-campus students. You read the same books, do many of the same assignments and earn the same degrees. The biggest difference is that you are able to do it in a way that best fits your lifestyle.

4. **I am deployed on active duty. Can I take online classes at UofL?**
Yes! You can take online classes from anywhere in the world, provided you have consistent Internet access. Our faculty and staff are very supportive of those who serve the country here in U.S. or around the world and work hard to provide all needed learning resources so you can succeed. Also, as active duty military personnel you will qualify for our discounted military tuition rate of $250.00 per credit hour.

5. **Can I receive credit for graduate courses completed at another institution?**
Earned graduate credit may be transferred from accredited institutions that offer advanced degrees. Generally, the maximum number of semester hours transferable, upon request, is six. There is a consideration for how recently the transfer credit was earned. Credit older than 3 years requires the submission of a variance request form.

6. **Is the GRE required?**
Yes, unless you have completed the AOC graduate program or you have earned a terminal degree PhD, JD, MD, etc.

7. **Do I have to submit GRE scores when I apply?**
Yes, a score of 292 (new GRE) or 900 (former GRE) is required for admission.
*Note: A GMAT score is not acceptable as a replacement for the GRE score, unless you have already completed a graduate degree or relevant coursework.*
