Pat,
Please find attached President Postel's announcement to the university community and the Forensic Audit Report compiled by Alvarez & Marsal, which was submitted to the University of Louisville on June 8. This audit was requested by the UofL Board of Trustees in response to the December 2016 Kentucky State Auditor's report related to the governance of the UofL Foundation.

The university will need time to review the report in detail. If you have questions, please contact Dr. Gregory Postel, Interim President, or me directly at 502-852-3551.
