## Applying for Financial Aid

1

File or update (FAFSA) as soon as possible. UofL's school code is 001999.

[fafsa.gov](http://fafsa.gov)

2

Check your UofL e-mail account and your ULink "To Do List" to monitor financial aid communications. To view your "To Do List" visit [ulink.louisville.edu](http://ulink.louisville.edu) and select the Student Services tab. For complete instructions on how to access your online services, visit [louisville.edu/admissions/activate](http://louisville.edu/admissions/activate).

3

You may be selected for verification. If you were selected for verification at your last school, you will be selected for verification at UofL. You must complete verification to be eligible for federal financial aid. If selected, you can find the necessary forms and instructions on ULink.

4

Once the Student Financial Aid Office receives your FAFSA results, we will assemble a financial aid package that may include a combination of federal grants, loans and work-study programs.

5

You must be degree-seeking to apply for financial aid. Post-baccalaureate and Continuing Studies students are not eligible for financial aid. Students seeking their second bachelor's degree are eligible for loans.

2

Report additional aid, including third party payments—additional aid may result in an adjustment in your federal, state, or institutional aid. Veteran's benefits do not need to be reported. Report aid online: [louisville.edu/financialaid](http://louisville.edu/financialaid)  
> Our Services > Forms > Report Other Aid

3

Most financial aid awards are projected for full-time enrollment. If you enroll in fewer than 12 hours, you may have your financial aid adjusted. You must be enrolled in at least six hours to be eligible for aid such as the FSEOG, federal work study and loans.

4

It is important to maintain a **3.0 GPA** when transferring to UofL in order to maintain eligibility for KEES funds and to qualify for our Continuing Student Scholarships. KEES funds must be used within five years of high school graduation and are only available to students who graduated in 2000 or after. Transfer work is not calculated in your UofL GPA, but it is used to determine initial scholarship eligibility.
