Molly Passafiume

MA Thesis Exhibition

Molly F. Passafiume, MA candidate in Studio Art, presents a body of work entitled, *Traces of the Hand*. Molly created the works of ceramic and handmade paper to be seen as artifacts, preserving the rhythm and harmony that is repeated in nature. Focusing on organic patterns from nature that mimic each other, such as the flow of water, the grain of wood, and the swirls of finger prints, the artist uses abstraction as a tool to point out their inherent similarities.
