

Culminating Undergraduate Experience (CUE) Course Proposal

This form contains interactive fields. COPY THIS FORM TO YOUR OWN COMPUTER PRIOR TO COMPLETING IT. You may then save it and print it to generate a copy for submission to the Arts & Sciences Curriculum Committee.

This form should be submitted with a completed Course Inventory File (CIF) form. If the course proposed is already in the department's inventory, the CIF action is a CHANGE (addition of CUE designation); if the course being submitted is a new course, the CIF action is an ADD. A syllabus for the course must be included.

Department:

Course Number and Title:

Describe the way in which the course proposed will meet each of the following criteria.

1. The course will be taken after sufficient academic preparation (for example, at least 90 credit hours or the completion of key prerequisite courses).

2. Specify nature of the course proposed: 500-level course in the major, with significant research project; capstone course; fieldwork, honors thesis; laboratory research project; service learning project; internship; other(explain).

3. The course must provide opportunity for students to demonstrate a mastery of content in the major and to apply critical thinking skills to accumulated content and experience.

4. The course must address current issues, problems, or concerns relevant to the field or discipline.

--

5. The course must produce materials that can be assessed by internal or external reviewers using evaluation criteria relevant to the discipline (eg, papers, reports, portfolios, performances).

--

6. The department will in engage in on-going evaluation and review of the course design. Specify and explain (more than one method may be used; check all that apply):

<input type="checkbox"/> a. student evaluations:
<input type="checkbox"/> b. periodic departmental review:
<input type="checkbox"/> c. feedback from internship or practicum sites:
<input type="checkbox"/> d. other:
