We have created a secure, user-friendly interface that allows candidates to quickly and easily assemble a packet of materials for their review and submit these materials online.

This article explains what to expect as the candidate of a review conducted using Interfolio's Review, Promotion, and Tenure service.

In this Article:

- How do I activate my candidate account? What does the notification email look like?
- How to view past packets
- How to view packet requirements
- How to add files to your packet
- How to preview your packet before submitting
- How to view files that are shared with you by the committee in RPT
- How to respond to shared Files

If your institution uses Interfolio Review, Promotion, & Tenure to conduct review processes online, you will be asked to submit a packet of review materials through Interfolio.

Before you begin, an administrator will create a case for you that includes instructions for submitting your packet with all the required documents and forms.

You will be notified that your case is ready via email.

Select “View Case” in the notification email

When you select “View Case” in this email you will be prompted to create a password that generates the Interfolio account you will use to collect and submit materials for your packet.

If you already have an Interfolio account, the "View Case" button will take you to your account dashboard.

Your packet will likely be divided into sections, each with a list of materials you will need to upload in order to complete each section.

⚠️ Note that individual packet sections can have unique due dates.

If enabled by an administrator, you may also be able to add sections to your packet. If this feature is enabled, you will see an "Add Section" button.
Add files to satisfy packet requirements:

Click "Work on Packet"

This will open a page where you can upload files to satisfy packet requirements.

Click "Add File" to upload materials to your packet
When uploading files, make sure you give the materials in your packet a meaningful title because reviewers will see the titles you provide as bookmarks to the left of the page when reviewing your documents.

By default, the name that will appear to reviewers is the name of the file as you upload it, but you can also edit the title of a file after adding it to your packet.

You can upload multiple files at one time.

You can also add files from packets you have previously submitted:
Or you can add new files including video and webpages:

If your institution subscribes to the feature, you can also add files from collections, including collections you may have created when using Interfolio's "Guidelines" feature, as shown in the two images below.
Look for the green check mark when you have satisfied a requirement

When a requirement is satisfied it appears with a green check mark. Likewise, completed sections are marked "Complete."
If you need to edit or replace a document, click the edit pencil

You can edit the title of the file, or click "Replace" to choose a new file to replace it.
Click "Preview Packet" when you are ready to submit completed sections.

Select which sections of your packet you want to submit.

Only sections with completed requirements will appear in the list.
You can preview your packet before submitting:

The preview shows exactly how the packet you are submitting will appear to your committee. A sample preview is shown below.
