EPA Announces the Availability of the Administrative Record for the Black Leaf Chemicals Removal Site, Louisville, Jefferson County, Kentucky

The United States Environmental Protection Agency (EPA) announces that the Administrative Record for the Black Leaf Chemicals Removal Site, Louisville, Jefferson County, Kentucky, is available for public review.

The Administrative Record file includes documents that form the basis for selection of the removal action.

A removal action is a short-term cleanup intended to stabilize a site that poses an imminent and substantial threat to human health or the environment. Documents in the record may include, but are not limited to, preliminary assessment and inspection report, test results, and the Action Memorandum. All interested persons are encouraged to review the documents.

The documents will be available for public review during normal business hours at the following locations:

US EPA 61 Forsyth Street, SW Atlanta, GA 30303 Attn: Debbie Jourdan

Louisville Free Public Library 301 York St Louisville, KY 40203 Attn: Nancy Browning

The Black Leaf Chemicals Removal Site is located on a portion of a 29-acre parcel with multiple brick structures occupying the site, which was the location of a pesticide formulating operation, a whiskey distillery, and several wood drying and lumber distribution companies in the past.
