Today's Presenters:

- ❖ Cheryal Hills, Executive Director, Region Five Development Commission

- ❖ Arlene Jones, Founder, SPROUT MN Food Hub

- ❖ Ellie Lucas, Chief Campaign Officer, Hunger-Free Minnesota

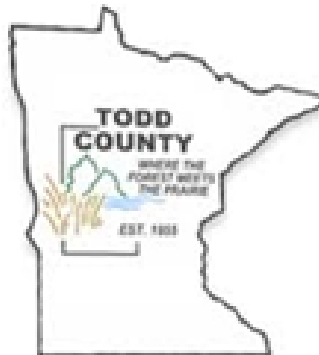

Partners:

The goal of Hunger-Free Minnesota is to increase the number of meals available to food-insecure Minnesotans.

Choose Health is one of the Hunger and Health projects funded by Hunger-Free Minnesota (initial \$25k) It was designed and is implemented by a unique public/private partnership: Region Five Development Commission (R5DC), Lakewood Health System, SPROUT, Todd County, University of Minnesota Extension, Prairie Bay and EnSearch, Inc.

Volume 5, Number 1

http://www.hagstromreport.com/2015news_files/2015_0106_irs-nonprofit-hospitals-can-claim-nutrition-access-

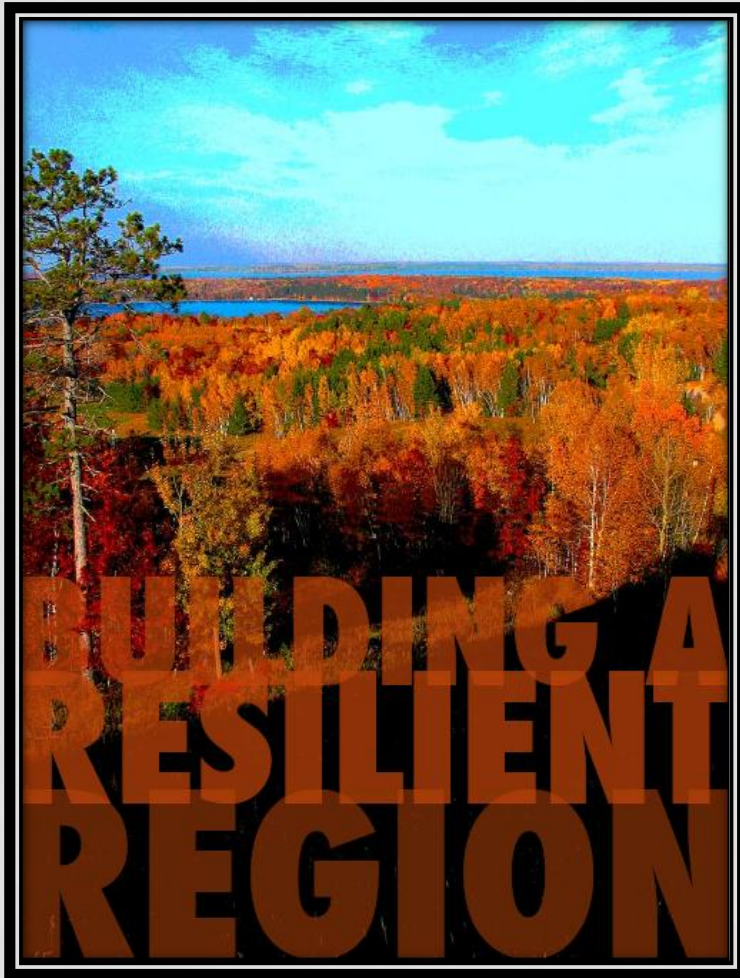

A large, modern multi-story building with a mix of brick and stone exterior, featuring large glass windows. It is situated behind a field of tall grass and a body of water. The sky is overcast with soft, grey clouds.

Lakewood Health System is an independent, integrated rural healthcare system. Founded in 1936 and located in Staples, Minnesota, we are a recognized leader in providing innovative, patient-based care including women's specialty services, senior services, surgical and outreach care. We are comprised of a 25-bed Critical Access Hospital, primary care clinics in Staples, Browerville, Eagle Bend, Motley and Pillager, and a dermatology clinic in Sartell.

- ✓ Pre and post surveys for participants:

Within the past 12 months we worried about whether our food would run out before we got money to buy more.

Within the past 12 months the food we bought just didn't seem to last and we didn't have enough money to get more.

- ✓ Health screening – blood pressure, height, weight and diabetes risk
- ✓ Monthly surveys to review successes and barriers of the program
- ✓ Weekly reminders for CSA pick-up

- 
- Bi-weekly pick up of CSA share at on-site farmers market with food demos and sampling.
 - Opportunity to participate in cooking classes, grocery tours, and diabetes prevention classes taught by University of Minnesota SNAP-Ed Educators.
 - A bag of food pantry items at the first pick-up.
 - Kitchen tools as identified by survey.
 - Market bucks- \$5 vouchers to be used at the on-site Farmers Market.

Choose Health is a success because...

Unique Community Collaboration and Partnerships,
knowing your farmer, telling the story, healthy outcomes,
greater access to healthy food, and strengthening the
economic value chain

**Choose Health = Community
Economic Development =
Healthy, Resilient
Communities**

Arlene showing off the early season
CSA in June

U of M Extension Educator
demonstrating an apple romaine salad

A photograph of a lush green garden with rows of plants, a wooden fence, and a house in the background. The garden is filled with various green plants, including what appears to be a row of tomatoes supported by stakes. A wooden fence runs along the left side of the garden. In the background, a house with a grey roof and white siding is visible, surrounded by trees and a grassy lawn. The sky is overcast.

“True healthcare reform starts
in your kitchen, not in
Washington.”

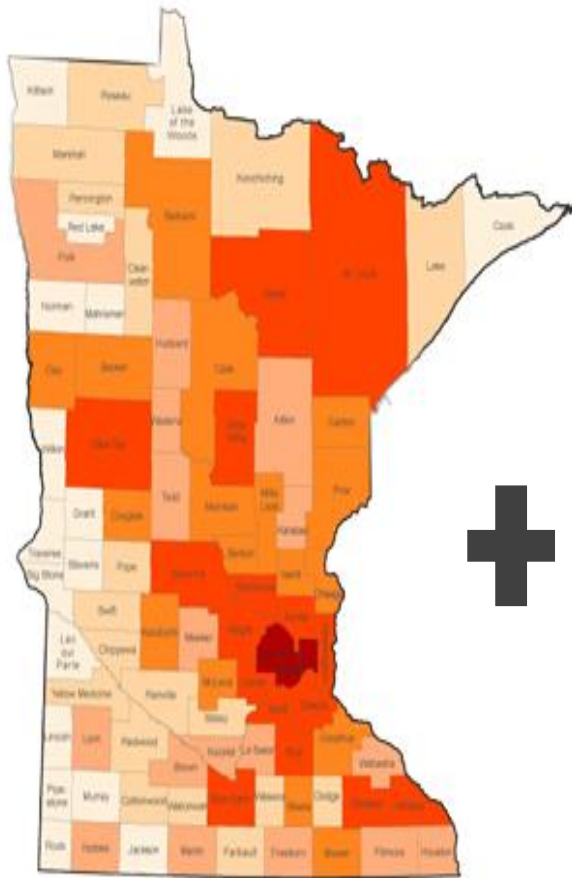

– Anonymous

Food security is defined as, “When all people at all times have access to sufficient, safe, nutritious food to maintain a healthy and active life”.
