Summary

Resident Survey and Public Workshop

Residents of the California neighborhood submitted responses to the Quality-of-Life Self-Assessment Survey, the major results of which are shown on the earlier “Survey Results” page of this snapshot. Additionally, an energetic and enthusiastic group of 27 neighbors braved chilly spring weather to attend two resident workshops in April and May. The meeting brought together California residents, representatives of the Louisville Metro Department of Neighborhoods and planners and workshop facilitators from the Center For Neighborhoods.

California neighborhood residents who took part in the Quality-of-Life Survey and Public Workshop and who gave generously of their time and ideas include:

Jackie Grace Lee
Dreema Jackson
Robbie Bell
Gwen Kelly
Beverly Gaylor
Barbara Weaver

Sharita Malone
Carlos Jones
Susan Nichols
Keith Price
Kim Mapp

Elizabeth Dorsey
Jackie Floyd
Deborah Wade
Yolanda Wade
Billie Jean Walker

The primary result of this public workshop and the residents’ energies is the Action Matrix.* In addition to being a “to-do” list of neighborhood improvement projects, this document outlines sustainable partnerships between the California Neighborhood and all the identified entities, such as Louisville Metro agencies and private business organizations, who can continue to help each other realize their common goals of a healthy and prosperous neighborhood with an ever-improving quality of life.

* *Action Matrix is the table of projects, potential partners and implementation schedule for neighborhood goals.*

After discussing their dreams and wishes, the Workshop participants prioritized items by dot voting.

The residents were divided into small groups to work on action steps for the Neighborhood Action Matrix
