CIEHS Up to Date News and Accomplishments

## Awards, Opportunities, and Reminders

### Member Grant Awards

Congratulations to Dr. Aruni Bhatnagar, Dr. Shesh Rai, Dr. John Wise and Dr. Sandra Wise who received new grants in the month of November 2020! We are so proud of all the hard work of our CIEHS members. You truly are making UofL a nationally recognized premier metropolitan research University and promoting interdisciplinary collaborative research in our Center! You can view these grants by following this [LINK](#).

### December Publications

Congratulations to Dr. Vicki Hines-Martin for her December publication entitled, "Community displacement, environmental change and the impact on mental well-being. Archives of Psychiatric Nursing." Congratulations to Dr. Timothy O'Toole, Dr. Shesh Rai, and Dr. Aruni Bhatnagar for their December publication entitled, "Protocol to assess the efficacy of carnosine supplementation in mitigating the adverse cardiovascular responses to particulate matter (PM) exposure: the Nucleophilic Defense Against PM Toxicity (NEAT) trial." You can view these publications by following this [LINK](#).

### Notable Faculty

Congratulations to the following CIEHS members who were included in a Stanford study highlighting the most cited researchers:

Dr. Aruni Bhatnagar

Dr. Matthew Cave

Dr. Lu Cai

Dr. D. J. Conklin

Dr. Carolyn Klinge

For more information regarding this study click [HERE](#).

### Job Opportunities

The CIEHS Community Engagement Core has an open position for a Community Resource Coordinator. For more information please follow this [LINK](#).

## THANK YOU!

A special thanks to all for a successful External Advisory Committee (EAC) meeting. We received great feedback from the committee to use for our annual report. We appreciate all of your hard work and preparation for this meeting.
