Awards and Reminders

Member Grant Awards

Congratulations to Dr. Aruni Bhatnagar, Dr. Shesh Rai, and Dr. Jiapeng Huang who received new grants in the month of January 2021! We are so proud of all the hard work of our CIEHS members. You truly are making UofL a nationally recognized premier metropolitan research University and promoting interdisciplinary collaborative research in our Center! You can view these grants by following this [LINK](#).

February Publications

Congratulations to CIEHS members who had publications during the month of February. This list also consists of publications that were ahead of print in the months of December and January. You can view these publications by following this [LINK](#). Thank you to all the members who participated in the publication survey.

January 2021 ITEMFC Research Voucher Awards

Congratulations to Dr. Carolyn Klinge in collaboration with Dr. Matt Cave, Dr. Xiang Zhang, and Dr. Shesh Rai for receiving the Cycle 2 Medium ITEMFC Research Voucher Award. Their research is entitled "Epitranscriptome in a murine model of TASH". You can view more about this award [HERE](#). Submission for Cycle 3 will be in May 2021, for more information you can visit [Omics Voucher Awards RFA \(PDF\)](#).

External EHS Seminar Speaker

CIEHS would like to thank Dr. Aaron Barchowsky for speaking during the EHS seminar on March 4th. Dr. Barchowsky is a professor in the Department of Environmental and Occupational Health, GSPH, University of Pittsburgh. His presentation was entitled "Memories of Arsenic Promote Cardiovascular and Metabolic Diseases". If you missed this seminar you can view the full presentation on the CIEHS YouTube page [HERE](#).
