UNIVERSITY OF LOUISVILLE
GRADUATION CELEBRATION

MAY 9, 2020
A Brief History of the University of Louisville

The University of Louisville traces its roots to 1798 when the Jefferson Seminary was established.

During the early 19th century, the growing importance of river navigation, coupled with a strategic location at the falls of the Ohio River, made Louisville a commercial hub for the South and West. As the city’s population and economy grew, so did the demand for higher education.

In 1837, the Louisville Medical Institute opened for its first class, and the next year the city created the Louisville Collegiate Institute. In 1846, the General Assembly merged the Medical and Collegiate Institutes as the University of Louisville. The Assembly created a common board of trustees, but each division retained financial autonomy. The Medical School prospered and a newly added School of Law brought in a number of students. By the 1880s and 1890s however, the University felt some pressure from education reformers who not only believed schools should employ full-time instructors, but also advocated well-enforced, national standards for academic training. In 1907, this trend contributed to the revival of the College of Arts and Sciences. Over the next three decades, the University added new programs - the Graduate School (1915), the School of Dentistry (1916), the Speed Scientific School (1928), the Louisville Municipal College (1931), the School of Music (1932), and the Kent School of Social Work (1936).

World War II and the postwar era brought major changes to the University of Louisville. Shortly after the war, the movement began to close the all black Louisville Municipal College and desegregate the University on all levels. This was accomplished in 1950 and 1951. The School of Business was established in 1953. In 1965, a governor’s task force suggested the possibility of the University’s joining the state system of higher education, which it did five years later. Since 1968 the University has added several new academic units including the School of Education (1968), the School of Nursing (1979), the School of Allied Health Sciences (1996-2002) and the School of Public Health and Information Sciences (2002).

For an institution over two hundred years old, the University of Louisville shows no signs of its age nor any signs of letting up. It is prospering now more than ever. As Kentucky’s second largest university, UofL has become a leader in addressing the needs of Kentucky’s and the nation’s metropolitan areas. Its focus on research, as well as its commitment to students, alumni and the community, are keys to this success. The University of Louisville looks forward to great and lasting accomplishments in its third century of providing higher education.

Neeli Bendapudi, PhD
President

Neeli Bendapudi is the 18th President of the University of Louisville. Selected by the UofL Board of Trustees in April 2018, Bendapudi came to Louisville from the University of Kansas where she served as Provost and Executive Vice Chancellor.

Since becoming President, Bendapudi has worked toward making the university a great place for students to learn, a great place for faculty and staff to work, and a great place for alumni and the community to invest. Under her leadership, the university will celebrate diversity, foster equity and strive for inclusion.

She earned her PhD in marketing from the University of Kansas and has teaching experience at Texas A&M University and The Ohio State University. Bendapudi returned to KU in 2011 to become the School of Business dean and H.D. Price Professor of Business. During her career, she has taught at the undergraduate, MBA, Executive MBA and PhD levels and received numerous college, university and national teaching awards.

Bendapudi specializes in the study of consumer behavior in service contexts. Her research deals with customers’ willingness and ability to maintain long-term relationships with firms and with the brands and employees that represent them. Her research has been published in the Journal of Academic Medicine, Harvard Business Review, Journal of Marketing (where she also served on the editorial board), Journal of Marketing Research, Journal of Retailing, Journal of Service Research and in the proceedings of various national and international conferences. Her work has been featured in popular media outlets including The New York Times, CNBC, CNN, MSNBC, WebMD and Fox News Network.

Previously, she served as chief customer officer of the Huntington National Bank and was actively involved in business outreach through consulting and executive education programs.

A highly sought-after keynote speaker, she has addressed national and international audiences for many companies, trade groups and organizations.

Bendapudi sits on the Board of Directors of publicly held company Lancaster Colony Corporation and has sat on several non-profit organization boards, including MRIGlobal, an independent research institute. She is a former Leadership Foundation Fellow of the International Women’s Forum, one of a select group of women selected worldwide for this prestigious honor.

She is married to Venkat Bendapudi. Their daughter, Sirisha, is married to Kyle Ladd.

Alma Mater & Alumni Song

We thy sons and daughters stand,
To sing thy highest praise,
With deepest rev’rence in our hearts,
For these our college days.
Thy honor true we all defend,
’Tis known we love thee well.
Our thoughts for years to come will be
Of thee, our UofL.
Now our thoughts go back to you,
Our Alma Mater dear,
To days gone by with friends we loved
Now scattered far and near
On shaded walks and campus green,
Your sons and daughters true,
With voices raised and spirits high
Sing loud their praise to you.
