iRIS Reports in Power BI

<https://bi.louisville.edu/>

The iRIS System Admin Team will be utilizing Power BI to augment the reporting capabilities of iRIS. Anyone with U of L credentials and Active Directory permissions will be able to access Power BI from a computer inside the UofL Network.

If you are outside the UofL Network, you will need to utilize the UofL VPN. More information about the UofL VPN can be found here: <https://louisville.edu/it/departments/enterprise-security/information/vpn>
