Dear Cardinal Students,

As you gear up for this fall semester, whether you’ll be on campus or online, we want to remind you of our key COVID-19 protocols and provide an update about our new Cardinal Self-Check tool that will help our university be an even more healthy and safe place for all.

**Required before you arrive to campus**

- [Complete COVID Awareness Training videos](#)
- [Read the Student acknowledgement](#)

All students are required to complete the 30-minute training session and review the student acknowledgment by August 17.

**Key health and safety expectations**

- Wear a mask or face covering.
- Practice physical distancing of at least six feet.
- Stay home if you are feeling sick.
- **Get tested.** All students are strongly encouraged to get tested for COVID-19 at one of our four on-campus testing facilities across the Belknap and HSC campuses through Aug. 21.
- **Check for symptoms.** The Cardinal Self-Check is our university’s designated symptom checking tool for all university members to anonymously assess their symptoms every day, especially before returning to campus or leaving their residential halls.
- If you are concerned you may have COVID-19, contact Campus Health: 502-852-6446 or [hlthoff@louisville.edu](mailto:hlthoff@louisville.edu).

We’ve put in place many processes and procedures to ensure a safe environment for our Cardinal family. We’ve also gathered over 50 different helpful answers to frequently asked questions. Visit [UofL’s COVID-19 website](https://www.louisville.edu/covid19) for all those details and more. Be sure to bookmark that website and check it regularly as your source for up-to-date information regarding UofL’s COVID-19 protocols.

**COVID-19 resources**

Do you have other questions? Contact the university’s COVID-19 call center, 502-852-7549, or live chat with a university representative, Monday through Friday from 8 a.m. to 5 p.m.

We look forward to having a great, healthy and safe semester with you this fall.

On behalf of the Pivot to Fall Coordinating Committee,

Beth A. Boehm  
Executive Vice President and University Provost

Kevin Gardner  
Executive Vice President for Research & Innovation

Michael Mardis  
Dean of Students

Phillip Bressoud  
Executive Director, Campus Health Services
