Dear Cardinal Family,

Registration is now open for the first wave of testing at UofL. We strongly urge every student, faculty and staff member to get registered and tested. At the bottom of this email you will also find reminders about the fall 2020 semester everyone needs to know and be aware of before arriving to campus.

First Wave of Testing Details
UofL has contracted the Bluewater Diagnostic Laboratory to operate four different testing sites for our university community over the next two weeks. Use the instructions below to get registered as soon as possible.

How to Register
Go to https://www.signupgenius.com/go/9040445a5a622a6fa7-bluewater1 and follow the steps provided on the registration portal. You will receive immediate confirmation of your appointment time after registering.

Dates and Times
Starting Monday, all four testing sites will be open on weekdays for two weeks: August 10-14 and August 17-21. Testing sites on the Belknap campus will be open from 8 a.m. to 12 p.m. and 1 p.m. to 5 p.m. Testing sites on the Health Sciences Center campus will be open from 7 a.m. to 11 a.m. and 12 p.m. to 4 p.m.

Locations

**Belknap campus**
*Cardinal Stadium*
Address: 2800 S. Floyd Street
Room: Brown & Williamson Suite

*Student Recreation Center*
Address: 2030 S. 4th Street
Room: MAC court

*University Club*
Address: 200 E. Brandeis Ave.
Room: Ballroom

**HSC campus**
*Abell Building*
Address: 323 E. Chestnut Street
Rooms: 109 and 110

What to Bring
- Your university ID
- Your medical insurance card
*Please note: If you do not have medical insurance, be prepared to provide your social security number to testing officials.

What to Expect

- Be sure to wear a mask upon arrival to the testing sites and practice physical distancing while waiting.
- Please exit the testing site immediately following your test. Your results will be texted to you. If you test positive for COVID-19 you will receive a call from Campus Health.
- Look out for university leaders like President Bendapudi, Provost Boehm, Dean Mardis and even our Louie mascot, who will be getting tested with the Cardinal family on these dates.

Our readiness for positive COVID-19 cases

Despite our best efforts to test widely for COVID-19 and institute policies and protocols for preventing the spread of the virus, we know that positive cases will inevitably arise on campus. When those cases happen, our Physical Plant department will disinfect spaces and surfaces; and, Campus Health’s contact tracing specialists will alert those who may have been exposed. Remember, by everyone wearing masks, practicing physical distancing and contacting Campus Health at the first signs and symptoms of COVID-19, our university can mitigate the spread of the virus. Read more about the university’s COVID-19 mitigation procedures by visiting the Health Protocols tab of the COVID-19 website. You can also read the FAQs about cleaning, testing, exposures and more.

Fall 2020 Reminders

If you missed the recent emails regarding what you need to know about UofL’s COVID-19 operations for the fall semester, be sure to visit the COVID-19 website’s Communications tab. This is where we continue to archive all COVID-19 related emails from the university to major audiences. On that tab, students can find record of the July 29 email that outlined fall 2020 semester guidelines and protocols. Employees can find record of the July 17 email that outlined safe return to work guidelines and protocols. Be sure to reference the Communications tab throughout the fall to ensure you don’t miss major communications and updates from the university about COVID-19.

Thank you for doing your part to make UofL’s campus as healthy and safe as possible for everyone in our Cardinal family this fall. Together, we can stay safe, stay healthy and help stop the spread of COVID-19.

On behalf of the Pivot to Fall Coordinating Committee,

Beth A. Boehm
Executive Vice President and University Provost

Kevin Gardner
Executive Vice President for Research & Innovation

Michael Mardis
Dean of Students

Phillip Bressoud
Executive Director, Campus Health Services
