

AVAILABLE AT NO COST.

NOTE: Maximum of 5 label sheets per pick up or email request. Specify large (ideal for 4 L container) or small.

Hazardous Waste Labels can be obtained at the following locations:

- Belknap Campus: DEHS Main Building at 1800 Arthur St.
- HSC Campus: DEHS Radiation Safety Office, Library Commons Rm 102

University personnel can also email label request to dehsubm@louisville.edu

Subject line: Hazardous Waste Label Request. In body of email, include PI name and department and your name and campus mail delivery address.

Laboratories are REQUIRED to use this labeling on each hazardous waste collection container.

When re-purposing an empty chemical container to collect waste, ensure that container is empty with no residue (rinse with water if necessary).

Deface the original chemical hazard labels by one of the following methods:

- Remove existing label(s)
- Cover with the hazardous waste label.

After attaching hazardous waste label:

- ✓ List chemical name(s) and approx. percentage of each
- ✓ Circle associated hazard(s) of waste.

Request Pick Up of Waste Container(s)

To have full hazardous waste containers picked up free of charge by DEHS, attach a uniquely numbered hazardous waste label to each container and complete and submit online pick up form...
