

## GRE (required) and TOEFL (if needed) Examinations

The Graduate Record Examination (GRE) general test is required: Verbal, Quantitative and Writing subscores. The GRE is now administered only on computer at Prometric Testing Centers (see <http://etsis4.ets.org/tcenter/cbtdmlst.cfm> for Louisville locations).

If you have taken the GRE, have the Educational Testing Service forward scores to UofL (code 1838). If you are a former UofL student and believe your scores are on record at UofL already, attach a note indicating that with your Graduate Application.

For information about the GRE, see section C 3 (Test scores) at <http://graduate.louisville.edu/students/apply.html/>

The TOEFL Examination is required of foreign students from countries where English is not the native language.

**NOTE:** All applicants who speak English as their second language **MUST** pass the TOEFL Examination. The passing score for TOEFL is 213 or higher on the computer-based test.

For information about the TOEFL, see section C 4 (English proficiency) at <http://graduate.louisville.edu/students/apply.html/>
