(To the applicant: Make three copies and attach one copy of this page to each <u>one</u> of the three "Recommendations for Graduate School" forms. Such a narrative must accompany <u>each</u> recommendation for it to be considered complete.

## <u>Information to those completing professional recommendations:</u>

The information (the "check marks") you provide on the pre-printed "Recommendation for Graduate School" is helpful. However, the members of the Admission Committee and this applicant need more of your valuable insight.

We consider your recommendation a <u>crucial factor</u> in our decision to recommend admission and suggestions of your estimated likelihood of success in doctoral study in education administration. Therefore, please use additional pages to offer <u>specific examples of evidence</u> supporting <u>each</u> of the ratings you have made. What you say in your additional comments may well be the decisive factor in our decision!

## Example #1 (not "the" only, but a valuable example):

Applicant has applied for acceptance in the doctoral program at the University of Louisville. I support his/her application without reservation and urge your careful consideration. My observation of the Applicant's qualifications is drawn from the 12-month period of our working relationship when he/she reported to me as [position].

Applicant demonstrated a keen intelligence and tenacity in his/her performance, fulfilling and enlarging his/her role in a position, which had only recently been established. He/she developed fruitful working relationships of great credibility with both the print and broadcast media and quickly became regarded as an authority of his/her field. He/she earned the respect of the Board of Directors as he/she guided their public presentation on behalf of the agency. He/she demonstrated outstanding planning skills by undertaking two new ventures; the development of a new government affairs committee to enhance legislative efforts, and the start-up of a profit-generating unit within the agency. He/she used considerable organizational skills in planning and implementing [the agency's new department] and has utilized his/her skills to coordinate volunteer groups, keep them on tasks, and reach quick achievement of objectives.

Applicant's career goals demand the attainment of the doctorate. Because his/her background is far different from that which many candidates will bring to the program, his/her participation will prove to be stimulating to peers and professors alike. He/she will be a splendid student and colleague."
