

# PLC ROUNDS 2016-17

DIVERSITY, EQUITY, AND POVERTY PROGRAMS

PLC rounds align perfectly with the strategic plan, particularly the following strategies:

1. **Build capacity of PLCs:** Improve professional practice and design deeper learning opportunities through PLCs that lead to shared ownership of student success.
2. **Engage with families:** Invite parents and caregivers to participate in the life of their child's school and the educational growth of their child through a process of meaningful and mutual communication and engagement focused on improving the learning environment and experiences at school and at home.
